The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Evelyn Principato, Vice-Chairperson Lori Nethercut Sandro Principato Jennifer Dent Jim Auty Robert Brooks Michael Cuberovic Raffaella Brugnano
Regrets:	Alderman Dave Wilson
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Betty Carter, Secretary

1. **ADOPTION OF MINUTES**

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1994 October 5 and the following amendment was made:

Item 2(i)(f) was corrected to read "winning classes".

The minutes were adopted as amended.

2. **BUSINESS ARISING FROM THE MINUTES**

(a) **Status of Mall Display**

Jim Auty reported that the Keep Hamilton Clean Committee Display has now been removed from the Upper James and Mohawk branch of Canada Trust, and will be relocated to the Mohawk and Magnolia branch on 1994 November 4.

Jim Auty added that he hopes to have a display schedule available by the next meeting. The display will be moved to other branches of Canada Trust before going to other banks.

(b) **Yellow Pages Advertisement Update**

Don Heintz reported that the Public Works Department has agreed to include a listing for garbage collection services in the Blue Pages of the Bell Canada telephone directory under the heading "Garbage". This will take place in October 1995.

(c) **1995 Spotless Debate**

Ron Volterman, Chairperson, advised that he has contacted Michael Clarke with regard to the proposed theme for the Spotless Debate in 1995 and that Mr. Clarke is in agreement with the theme "The posting of signs and notices creates an aesthetic and visual blight". Ron Volterman and Michael Clarke will meet with Cable 14 within the next two weeks in order to obtain air time in April. The Debate will be held in Council Chambers. Ron Volterman will

distribute the Committee's Terms of Reference as well as background information to students.

(d) **1995 Pitch-In Week Poster Competition**

Ron Volterman reported that a letter has been sent to all Elementary and High schools in Hamilton as well as a supply of poster contest details inviting students to participate in the 1995 Pitch-In Week Poster Competition.

(e) **1995 Pitch-In Week Poster Advertisement**

Sandro Principato advised that he has investigated advertising costs with respect to having the 1995 Pitch-In Week Poster winning entries posted in bus shelters, on the exterior of moving buses, as well as on billboards.

With respect to bus shelters, Sandro reported that for every shelter the Committee purchased, at a cost of $300. each, Mediacom would provide one free of charge. This price would be for a 2-week showing and would include 2 colours. Sandro also advised that if Mediacom's name was to be included on the bottom of the poster, the price could be lowered.

Mediacom also sell billboard space at a cost of $1,020. for a 28- day period. Gallop and Gallop billboards cost $1,500. for a 4-week period.

Transad, a subsidiary of H.S.R., offer a price of $3,000. to advertise on the exterior of 21 buses. To have 3 colours incorporated on the posters, plus taxes, would amount to approximately $4,500.

Don Heintz advised that there is approximately $6,500. left in the 1994 budget and that this amount does not get carried over to next year's budget.

Discussion ensued as to the merits of placing the posters in 30 bus shelters as opposed to on 21 moving buses and after much discussion the Committee approved the following:

(a) That the Keep Hamilton Clean Committee advertise the 1995 Pitch-In Week Poster winning entries on moving buses, and

(b) That Sandro Principato be allowed up to a maximum of $5,000. to achieve the best possible arrangement with Transad, and

(c) That the 28-day period of advertising on the buses be adjusted to end on 1995 May 7, the last day of Pitch-In Week (if possible).

Jim Auty volunteered to provide the 3-colour camera-ready copy once the winning entries have been selected.

3. **CORRESPONDENCE RECEIVED**

(a) **Letter from J. J. Schatz, City Clerk, re Extension of Terms of Office for Members of Keep Hamilton Clean Committee**

The Committee was in receipt of a letter dated 1994 October 12 from J. J. Schatz, City Clerk, advising that City Council has agreed to extend the terms of office for the existing members of the Keep Hamilton Clean Committee expiring at the end of 1994, until 1995 February 1 or until their successors are appointed, in order to allow the Committee to function until such time as the newly elected City Council has had an opportunity to undertake the necessary action to fill these vacancies.

This letter was received as circulated.

(b) **Letter from Bruce Duncan, Hamilton Region Conservation Authority**

The Committee was in receipt of a letter dated 1994 October 19 from Bruce Duncan, Staff Ecologist, Hamilton Region Conservation Authority, asking that the Keep Hamilton Clean Committee send a letter supporting the initiatives and actions of the Green Communities Initiative for Hamilton-Wentworth. Letters of support were being requested from each member group of the Western Lake Ontario Environmental Coalition (WLOEC) in order that the Green Communities Initiative's request for funding from the Ministry of Environment and Energy can be approved.

Ron Volterman advised that, in view of the fact the letter of support was required prior to the Committee's next meeting, a letter of support has already been forwarded to the appropriate person on behalf of the Keep Hamilton Clean Committee.

All members were in favour of this letter having been sent, and Mr. Duncan's letter was received as circulated.

(c) **Letter from Pelech, Otto & Powell, Barristers, re 231-233 Cannon Street East**

The Committee was in receipt of a letter dated 1994 October 11 from Pelech, Otto & Powell, Solicitors for the owner of 231-233 Cannon Street East, which was in response to the City's Order to Comply with respect to illegal dumping of tires.

This letter was received as circulated.

(d) **Letter from Don Heintz, Public Works Department re 279 Upper Horning Road**

The Committee was in receipt of a copy of a letter dated 1994 October 13 which Don Heintz, Acting Manager of Administration, Public Works Department, sent to Diocese of Hamilton, respecting litter problems in the area of 279 Upper Horning Road, as well as a letter dated 1994 October 5 from Diocese of Hamilton to the Public Works Department.

Both letters were received as circulated.

(e) **Copies of Memos from Don Heintz, Public Works Department re Clean Up of Corktown Neighbourhood**

The Committee was in receipt of copies of memos dated 1994 October 11 from Don Heintz, Public Works Department, to Laidlaw Waste Systems Limited and various staff, respecting the clean up of Corktown Neighbourhood.

All memos were received as circulated.

(f) **Thank You Note from Charlene Touzel**

The Committee was in receipt of a thank you note from Charlene Touzel, past Secretary of the Keep Hamilton Clean Committee, for flowers that were sent to her from the Committee.

The note was received as circulated.

Jim Auty advised that he will take pictures of those locations that were Hot Spots last year, such as the church at Barton and Smith Street, to determine their progress or lack of progress.

Jim Auty further advised that he has been canvassing other committees on which he sits (Barton Street B.I.A, Citizens for Citizens) and has pictures from Citizens for Citizens. There may be a suggestion forthcoming for a Hot Spot for next year's tour. The Barton B.I.A. is also planning to have their own tour, but Jim suggested that they work together with the Keep Hamilton Clean Committee rather than on their own.

(b) **1995 Spotless Debate**

Ron Volterman advised that he will meet with Michael Clark on December 28th at which time they will discuss what is required with regard to the 1995 Spotless Debate and the booking of Cable 14. Ron Volterman will also check with the Secretary regarding the use of Council Chambers.

(c) **1995 Pitch-In Week Poster Competition**

Evelyn Principato reported that she is receiving many entries. Some, however, do not have the name of the school on them, just the name of the student. Evelyn said she will have to add this information to the back of those entries missing the school name. Lori Nethercut volunteered to help Evelyn write the names on the back of the posters.

(d) **1995 Pitch-In Week Poster Advertisement**

Sandro Principato advised that a contract with Transad has now been signed in the amount of $3,700. Transad will provide posters to be displayed on 21 buses plus 4 extra for a total of 25 buses, for a four week campaign. Transad may also keep the posters up for an extra two weeks after the campaign is over. The posters will be a four colour process.

Don Heintz advised that he has already received the invoice and a $1,000. deposit has been paid to Transad.

Sandro Principato will have full details for the next meeting.

3. **CORRESPONDENCE RECEIVED**

(a) The Committee was in receipt of a letter dated November 10, 1994 from Allard van Veen, President, Pitch-In Canada, requesting the Committee's support in the amount of $2,675.

All Members in attendance were in favour of a donation being made to Pitch-In Canada in the amount of $2,675. and that this expenditure should be paid out of the 1994 budget.

Due to the lack of a quorum, it will be necessary for the Secretary to conduct a telephone poll to obtain the consensus of the full Committee. The Committee agreed that if this was not possible, a special meeting would be held before the end of 1994.

(b) The Committee was in receipt of a memorandum from the Secretary outlining the meeting dates for 1995. It was pointed out that all meetings in 1995 would be held in Room 219.

4. OTHER BUSINESS

Ron Volterman advised that the Committee has depleted its stock of medium sized Spotless T-shirts and more will have to be ordered. Those in attendance approved the purchase of 240 Spotless T-shirts.

Due to the lack of a quorum, the Secretary will conduct a telephone poll to obtain the consensus of the entire Committee, in order to have this expenditure paid from the 1994 budget.

5. ADJOURNMENT

In closing, Ron Volterman, Chairperson, commented that he is very pleased with the Committee's accomplishments this past year and looks forward to the Committee's 1995 projects. He wished all Committee Members the best of the holiday season.

There being no further business, the meeting then adjourned.

Taken as read and approved,

Ron Volterman Chairperson
Keep Hamilton Clean Committee

Betty Carter, Secretary

SUBJECT: Hamilton Naturalist Club
Escarpment Cleanup on 1994 December 3

DATE: 1994 November 28

The Hamilton Naturalist Club is doing a clean up of the escarpment area (near Mountain Brow and Limeridge Road) on Saturday, 1994 December 3. Dana Boyter (627-8494) of that group has advised that he has made arrangements with you for one or more lugger bins for that clean up. The bin rental, if any, is the responsibility of the Hamilton Naturalist Club and not the City of Hamilton.

In accordance with policy established by the Keep Hamilton Clean Committee, we are prepared to cover the cost of dumping the bin(s) and are enclosing three (3) tickets which are to be used by your company for the exclusive purpose of dumping the material collected by the Hamilton Naturalist Club on the 3rd of December. You will note that the dump tickets are valid until the 6th.

Should you wish to discuss this, please contact me at 546-3920.

Permits For Philip Environmental
Assisting By Providing Lugger Bins

DATE: 1994 November 28

Philip Environmental has been issued permits to take waste into the Transfer Stations in connection with the clean up efforts of the Hamilton Naturalist's Club.

This is in addition to the efforts during the actual PITCH-IN Week in late April which was the subject of a previous memorandum. There is a special clean up on Saturday, 1994 December 3 with dumping of the bins on December 5th or 6th.

The time period in which these permits are to be valid is until Tuesday, 1994 December 6 and is clearly marked on these tickets.

As usual, your co-operation is requested to ensure that the vehicles are allowed to enter the Transfer Stations during the time period specified and at the cost of the City of Hamilton.

Please ensure that all of these weigh tickets are fully filled out and returned to me.

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1995 January 04 and these minutes were adopted subject to an amendment being made on Page 3, Item 4(c), whereby "Vision 200" will be changed to read "Vision 2000".

2. CHAIRPERSON'S REMARKS

Ron Volterman reported that he had been contacted by Ken Peters, a reporter with the Spectator, asking for his opinion with regard to the Task Force to Review Sub-Committees' recommendation "that the Keep Hamilton Clean Committee be disbanded". An article subsequently appeared in the Spectator and Ron read this article to the Members.

Discussion then ensued as to what measures could be taken by the Committee Members to ensure that the recommendations being proposed by the Task Force are not approved by the Finance and Administration Committee. The Committee agreed that a letter would be sent to the Secretary of the Finance and Administration Committee asking that the Keep Hamilton Clean Committee be placed on the agenda of their next meeting as a delegation.

The Committee also agreed to hold an informal meeting on Sunday, 1995 February 5 to discuss its strategy.

3. BUSINESS ARISING FROM THE MINUTES

(a) Certificate of Recognition for Winners of Poster Competition

The Committee agreed that the Certificates of Recognition for the two children who won the poster competition would have the following wording:

> "In recognition of your outstanding artistic talent in promoting Pitch-In Week and the Keep Hamilton Clean Committee"

These certificates will be presented by Mayor Morrow at the 1995 April 25 City Council meeting.

The Committee also agreed to have the two winning posters framed and presented to the two children at the same time as the Certificates of Recognition.

3. CORRESPONDENCE RECEIVED

(a) Letter of Resignation from Robert Brooks

The Committee was in receipt of a letter of resignation, dated 1995 January 10, from Robert Brooks. This letter was received.

(b) Hamilton District Science Fair and Engineering Fair

A letter, dated 1995 January, from the Hamilton District Science Fair and Engineering Fair was tabled.

(c) Scroll from Brian Charlton, MPP, Representing the Environment Bill of Rights

The Committee was in receipt of a letter, dated 1995 January, from Brian Charlton, MPP, as well as a scroll representing the Environment Bill of Rights. The Committee requested that this scroll be framed and hung in City Hall.

4. OTHER BUSINESS

(a) Theme for 1995 Public Service Announcement

The Committee agreed that the theme for the 1995 Public Service Announcement will be: "Why do people litter - Arrogance or Ignorance?"

Evelyn Principato agreed that she will be in contact with Hazel Milsome of the Public Works Department with respect to appearing at Mohawk College on Monday, 1995 February 6th regarding the Public Service Announcement.

5. ADJOURNMENT

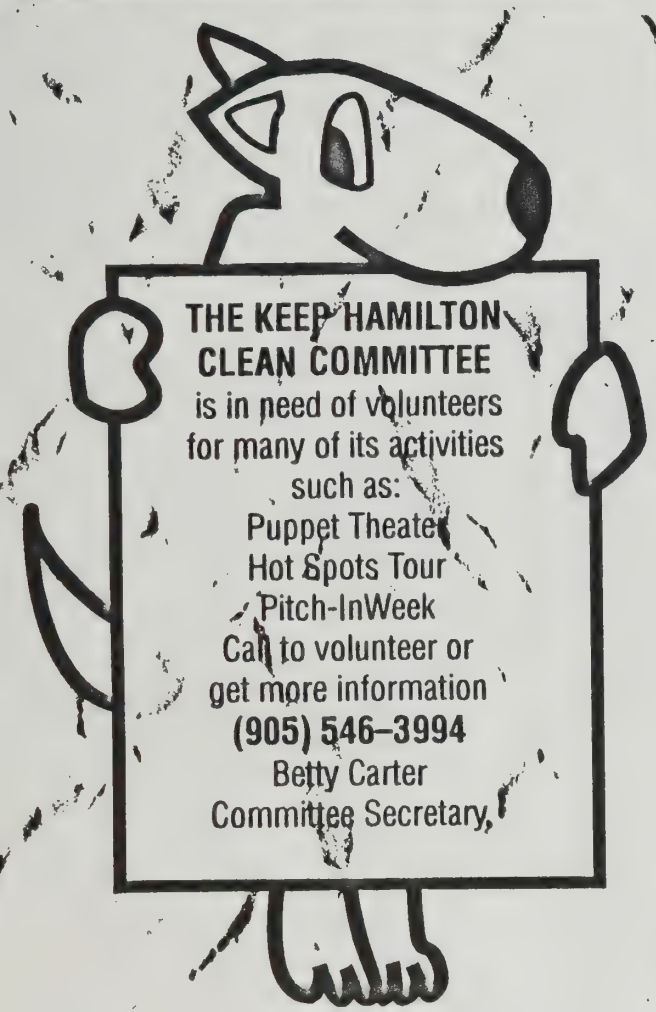

There being no further business, the meeting then adjourned.

Sure you recognize him…he's Spotless, the litter watch dog!

As a member of this Committee, I would like to introduce you to many of our activities. We strive to improve the appearance of Hamilton through awareness and education. The better the City looks, the better we feel about it and living here, the more likely outsiders will feel the same way. We have come a long way from a few years ago and we are not stopping here. Hamilton has proven itself in many ways and our activities are contributing as well.

Our Hot Spots Tour group searches out, collects and accepts information about areas that are unsightly. Especially those where litter, refuse, and abandoned cars and appliances collect. With list in hand, we then organize a Tour attended by delegates/for many sources to show off these blights. Local newspapers and television attend to document and broadcast the Tour as well. Got any tips?

Puttet Show is need of volunteers to meet the demand by junior school children in many of the area schools. Ever wanted to be an acter but couldn't get on stage?…now you can without getting 'on' stage!!

Ever wanted to be in a Santa Claus Parade? Now is your chance…but you'll have to help out others with their litter bins, smile and wave alot.

Pitch-In week and Day. We have affiliations with other national and environmental groups. We promote the collection of litter, environmental activities, education and participation by involved individuals of all ages.

I enjoy the work I do with this Committee and am sure you can find a spot too. Please call to volunteer or get information.

Thank you. *Jim Auty*

Dear Ms. Touzel:

The 35th Annual Hamilton District Science and Engineering Fair will take place March 30th - April 1st, 1994 at Mohawk College.

This year's Fair will again provide the opportunity for students from the Hamilton/Wentworth and Halton regions to present science and engineering projects. Although participation in itself is beneficial to the students, even more so is the opportunity to share their interest and knowledge with fellow students, the general public and members of related industries.

Major winners of H.D.S.E.F. qualify to enter the Canada Wide Science Fair in the Yukon Territory, and the International Science and Engineering Fair which will take place right here in Hamilton between May 8th - 13th at Copps Coliseum.

Essential to the success of the Fair is the financial assistance of many organizations who share in the hope that many of tomorrow's challenges will be faced by encouraging today's youth.

Your organization has generously contributed to the success of the Fair in the past and we would be grateful for your continued financial assistance this year allowing, if possible, for the increasing costs which prevail.

Last year you contributed $100.00

Sponsors and contributors receive income tax receipts and acknowledgement in the Fair Programme.

Contributions vary and we trust that you are the best judge of what you can donate. Payment should be made to the Hamilton District Science and Engineering Fair. Please send all contributions to the fair so that you will receive credit for income tax purposes and the possible duplication of cheques to the winners will be minimized.

To confirm your participation in the 1995 Fair, please conplete and mail the Award Update by February 15th, l995 back to me.

The 35th Hamilton District Science and Engineering Fair promises to be an exciting event. We invite you not only to contribute, but also to be part of our event by judging, visiting the fair, and perhaps presenting your award.

Dear Supporters of PITCH-IN:

PITCH-IN WEEK continues to be a successful campaign to clean up the environment. Why? Because of the tremendous support which the campaign receives from you and others throughout the Province.

As Canadians we can be very proud of our achievements. PITCH-IN WEEK has been copied around the world and, in 1995, you will be joining millions of people in more than 100 countries as we, together, **Clean Up The World!**

We are grateful to those who sponsor the campaign financially. Resources are difficult to access, yet your efforts continue to attract support from the Ontario Ministry of Environment & Energy, Burger King and many local municipalities.

A letter explaining your contribution sent to The Hon. Bud Wildman, Minister of Environment, 135 St. Clair West, TORONTO, M4V 1P5 and to Lori Dillon, Marketing Manager, Burger King Canada, 6th Floor, 210 City Centre Drive, MISSISSAUGA, ON L5B 2T4 (as well as your **local** Burger King Manager) **would be very much appreciated!**

PITCH-IN WEEK is more than a clean-up campaign which helps to Clean Up The World. It's program which encourages everyone to reduce and manage waste before it becomes a pollution problem.

As a volunteer who participates in this action program, this year held May 1-7, 1995, you are on the "front lines" of enhancing our Province's, and the world's environment.

My Ministry and our Government acknowledges and appreciates your support and we wish you well with your project, whether it's rehabilitating a stream or cleaning up an urban area.

I am pleased to, once again, support PITCH-IN WEEK, organized by the Ontario Federation of Anglers and Hunters in cooperation with PITCH-IN CANADA.

Together, we will make a difference!

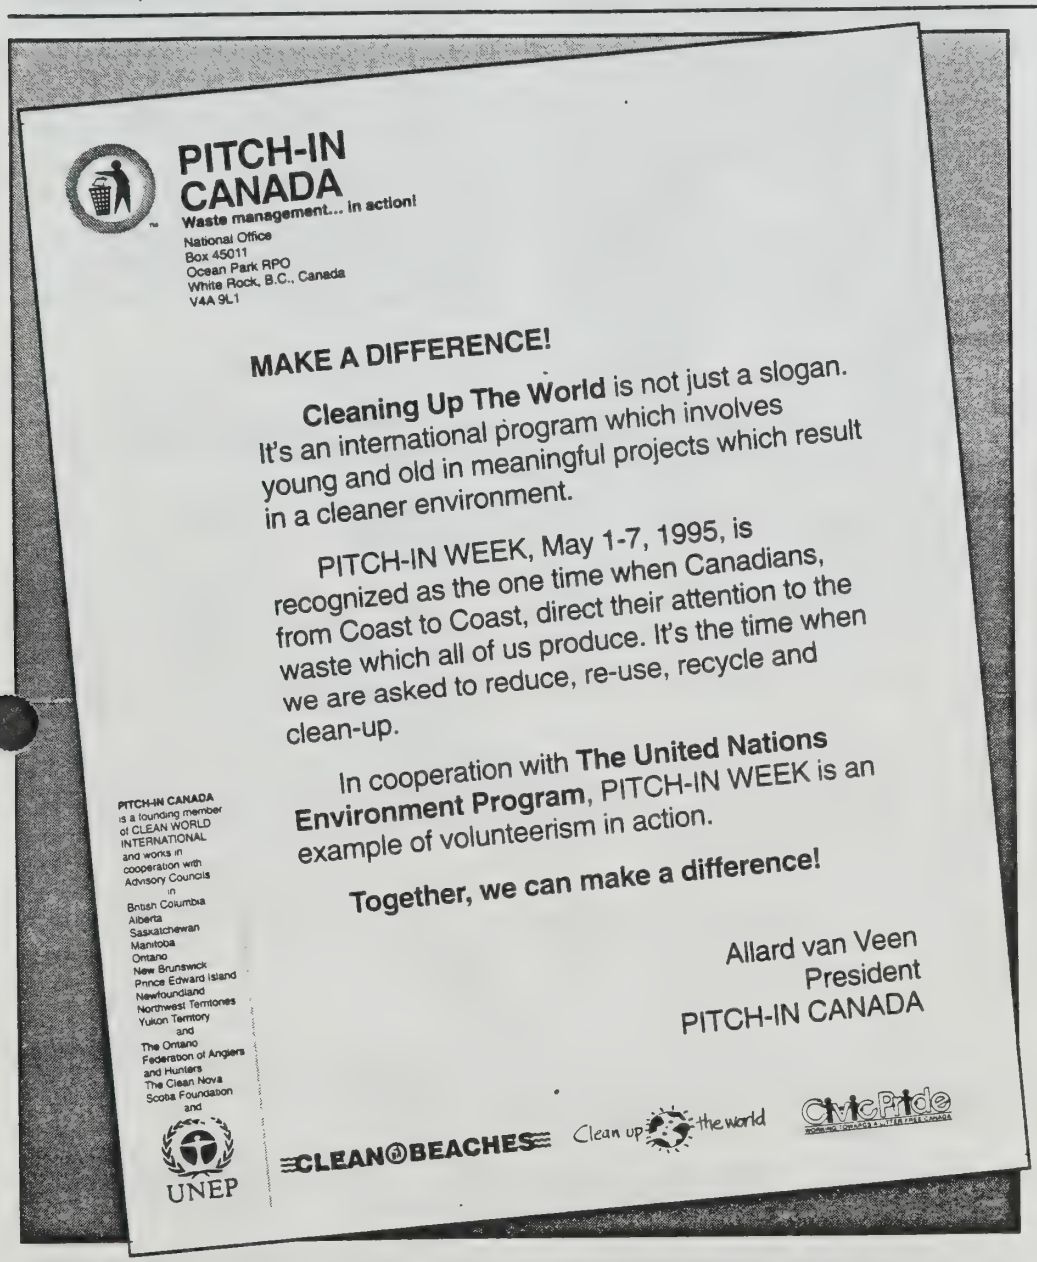

Yours sincerely,

MAKE A DIFFERENCE!

Cleaning Up The World is not just a slogan. It's an international program which involves young and old in meaningful projects which result in a cleaner environment.

PITCH-IN WEEK, May 1-7, 1995, is recognized as the one time when Canadians, from Coast to Coast, direct their attention to the waste which all of us produce. It's the time when we are asked to reduce, re-use, recycle and clean-up.

In cooperation with **The United Nations Environment Program**, PITCH-IN WEEK is an example of volunteerism in action.

Together, we can make a difference!

Allard van Veen
President
PITCH-IN CANADA

PITCH-IN CANADA is a founding member of CLEAN WORLD INTERNATIONAL and works in cooperation with Advisory Councils in British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, New Brunswick, Prince Edward Island, Newfoundland, Northwest Territories, Yukon Territory and The Ontario Federation of Anglers and Hunters, The Clean Nova Scotia Foundation and UNEP

All Local Governments Asked To Support PITCH-IN

Local governments have been asked to provide financial support to the 1995 PITCH-IN WEEK program to ensure that the program will continue.

"In addition to the environment, it's local governments who have the most to lose if PITCH-IN WEEK disappears", says **Bette Ballhorn**, Chair of PITCH-IN CANADA's Board of Directors.

Canadian communities have experienced a significant increase in illegal dumping. This has renewed interest in voluntary action to control the cost of clean-up.

Increased tipping fees and the banning of certain waste from landfills, in order to encourage the reduction and recycling of waste, has resulted in some individuals dumping their debris in vacant lots, ravines and other areas.

PITCH-IN CANADA is a non-profit voluntary organization. "We depend on not only hundreds of thousands of volunteers but also on local governments to enable us to continue to support them".

Participants in PITCH-IN are requested to contact their local governments to encourage them to provide support.

ONE ADDRESS FOR ALL YOUR NEEDS!

PITCH-IN has moved its Material Order Centre and consolidated its operations to better serve its volunteers across the country. You now write to one national address to register your project **and** to order materials.

The Material Order Centre has moved from Edmonton to Coquitlam, B.C. where orders are being processed by **Hemm Industries**, a non-profit society providing structured work experience for adults who have chronic mental illness.

Hemm Industries was established in 1974 and has provided other services to PITCH-IN for several years. "We look forward to serving PITCH-IN volunteers through the Order Centre", says Sheila Horsfall, Executive Director of Hemm.

To register your project for PITCH-IN WEEK from anywhere in Canada or to order materials, please contact PITCH-IN CANADA'S National Office at Box 45011, Ocean Park RPO, White Rock, B.C., V4A 9L1

PITCH-IN's Edmonton office is now closed. Alberta volunteers should contact the National Office.

Civic Pride

PROGRAM PAYS OFF

Prince Rupert has made significant progress in managing its waste by involving the public, proving the pay-back to local governments of PITCH-IN CANADA's CIVIC PRIDE Program.

Using the PITCH-IN CANADA **Cleanliness Index**, the community has improved its cleanliness rating to 82%, up from 61% in 1992, according to results published by Program Manager **Vicky Grainger**.

Grainger attributes the success of the program to tough new action on unsightly premises, free tipping days, involvement in other PITCH-IN programs and strong support from local government, the media and the 16 member **Civic Pride Action Group**.

Both Prince George, B.C. and Ottawa, Ont. are in the process of being certified by PITCH-IN CANADA as Civic Pride Communities. Ottawa's recently appointed Manager is **Anna Belanger**.

The Civic Pride Program was designed to help communities respond to increased waste management costs. Working with PITCH-IN CANADA, the community identifies problems and solutions. PITCH-IN provides on-site training to staff and volunteers and provides audio-visual and other aids to ensure the local program keeps on track and is cost-effective.

Canada's Garbage Found in Europe

Canadian garbage is being found on England's beaches according to **Trevor Dixon**, a leading international researcher of marine debris.

According to Dixon, who has been tracking debris washing up on his country's shores since the early 70's, the amount of debris of Canadian origin is increasing significantly.

"Garbage floating in our oceans is a serious concern", acknowledges **Allard van Veen**, President, PITCH-IN CANADA. "It's an international problem. What is disposed of in one part of the world often ends up washed up on a beach hundreds or thousands of kilometres away".

Canada, with the longest shoreline in the world, is also the recipient of foreign debris on its Pacific, Atlantic and Arctic coastlines.

International Coastal Clean-Up Dates Set

The 1995 **International Coastal Clean Up** will take place the weekend of September 16/17, 1995.

The Coastal Clean Up, organized by the **U.S. Centre for Marine Conservation**, was first held in Texas in 1986. In 1994 more than 50 countries and U.S. States participated, including Canada.

Participants, using especially designed data cards, record all the debris which they clean up and results are published by the Center in Washington, D.C.

In Canada the Clean Up is coordinated in Nova Scotia by **The Clean Nova Scotia Foundation**, in New Brunswick by the **Huntsman Marine Sciences Institute** and on the Pacific Coast and the Great Lak by **PITCH-IN CANADA**.

To register your group's participation and to receive free data cards and other information contact the organization responsible for the Clean Up in your area. To contact PITCH-IN write to Box 45011, Ocean Park RPO, WHITE ROCK, B.C., V4A 9L1.

PITCH-IN WEEK Gets $upport

PITCH-IN WEEK is a Partnership Program. Volunteers provide support and other partners provide the funding to make it happen.

Overwaitea/SAVE-ON FOODS is supporting the campaign in both British Columbia and Alberta. In Ontario, the campaign receives support from **Burger King**.

In Alberta, major support for the 1995 and 1996 campaigns has also been provided by **The Wild Rose Foundation**.

In Ontario, support is being received from **The Ontario Ministry of Environment** and Energy through partner funding provided to **The Ontario Federation of Anglers & Hunters**.

Finally, PITCH-IN receives support from hundreds of **local government** partners throughout Canada.

In Ontario, the publication of this information was made possible by a grant from the **Ontario Ministry of Environment and Energy**. The views and ideas expressed herein are those of the Ontario Federation of Anglers and Hunters, sponsors of PITCH-IN WEEK in Ontario, and PITCH-IN CANADA and do not necessarily reflect the views and policies of the Ministry of Environment and Energy.

Jantzen and Air Canada Provide Support

Jantzen Canada Inc., manufactures of swimwear, and **Air Canada** are two strong supporters of PITCH-IN.

In addition to providing funding, Jantzen's staff participate in PITCH-IN programs to help maintain a clean environment. Projects include cleaning up at English Bay in Vancouver.

Air Canada helps PITCH-IN by providing transportation to our staff as they meet and train volunteers in our National Marine Debris and other programs.

Together, we can make a difference!

World-Wide Clean-Up Planned for September

In cooperation with The United Nations Environment Program, a Clean Up The World Campaign will once again be held on the weekend of September 16 and 17, 1995.

Volunteers are encouraged to register their intent to participate by checking off the box on the **1995 PITCH-IN WEEK Registration Form**.

Even though no free materials are available from PITCH-IN CANADA, volunteers are encouraged to re-use their garbage bags in September, wherever possible. Additional supplies can be obtained from PITCH-IN's **Material Order Centre**. Please consult the Catalogue for details on what is available.

Scouts & Guides PITCH-IN

Members of Scouts Canada and the Girl Guides have been enthusiastic supporters of the annual PITCH-IN WEEK Campaign since 1969.

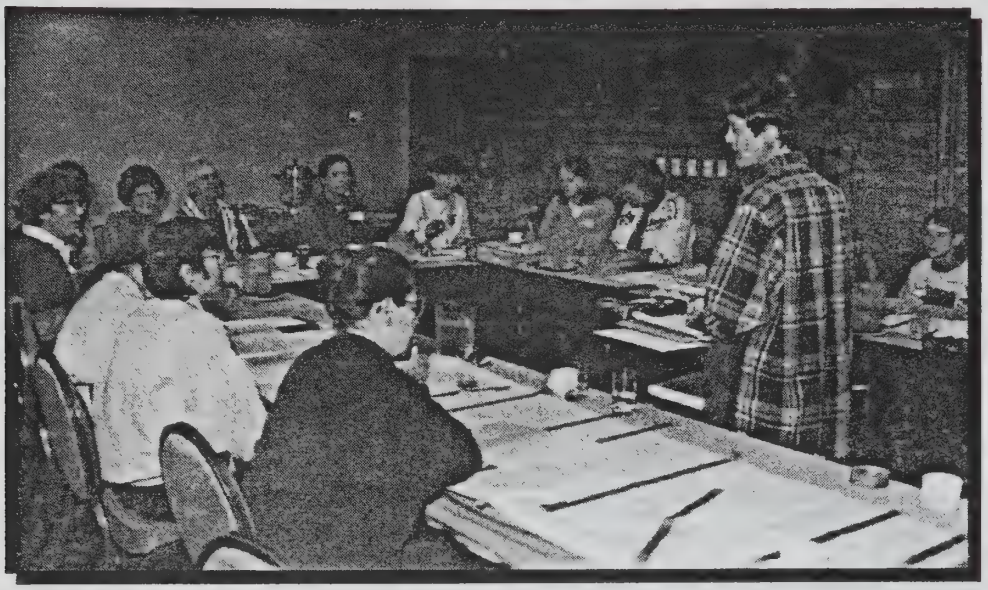

Tens of thousands of members help to Clean Up The World each year", states **John Pettifer**, Chief Executive Officer, Scouts Canada, Ottawa and a member of PITCH-IN CANADA's Board of Directors.

"Helping Canadian youth appreciate and care for the environment has always been of keen interest", adds Vancouver based **Dolores Racine**, another National Director of PITCH-IN representing the Girl Guides of Canada in British Columbia.

National Marine Debris Research Program Launched

Volunteers, trained by PITCH-IN CANADA, are participating in Canada's **National Marine Debris Surveillance Program**, launched by PITCH-IN on Canada's Atlantic and Pacific Coasts. It is the world's first comprehensive program of this size to identify the sources of marine debris washing up on shorelines.

Building on methodology formulated by **Trevor Dixon** in the United Kingdom, PITCH-IN CANADA fine-tuned the research program for Canadian conditions utilizing results from pilot research undertaken by the organization in 1991.

The program receives ongoing support from **Environment Canada's Marine Environment Division** and has attracted other private sector support from **Air Canada**, **Jantzen Canada** and **EPIC**.

Marine debris has become a major problem in recent years as a result of increased shipping, coastal populations and use of long-lasting synthetic fibres.

"Environment Canada is committed to this program and will take a serious review of the data which will be collected", comments **Paul Topping**, an Environment Canada official in Ottawa.

PITCH-IN CANADA has been active in cleaning up marine debris since 1967 when it was founded in Victoria, B.C. by several volunteers including **Allard van Veen**, the organization's President who, along with **Valerie Thom**, has been instrumental in designing the National Marine Debris Surveillance Program.

NEW VIDEO RELEASE

NEW Video Available on Garbage in Oceans

A new 28 minute video, available from PITCH-IN CANADA, highlights the dangers which garbage poses to wildlife in the oceans and examines the world-wide actions being taken to clean-up the world's garbage.

Produced and narrated by Allard van Veen, the first segment of this series entitled **OUR CHANGING WORLD** (VHS, $24.95) explores where all the garbage comes from, graphically illustrates the effect it has on wildlife, and documents action programs established to clean-up and prevent problems associated with the disposal of waste on land and at sea.

With an appeal to all ages, OUR CHANGING WORLD takes a look at an innovative pilot program aimed at reducing and recycling waste in fishing ports as well as the effects of Europe's Blue Flag Campaign, Clean Up The World, shoreline clean-ups by the U.S. Centre for Marine Conservation and PITCH-IN WEEK.

Available at $24.95 plus 15% postage and handling from PITCH-IN CANADA's **Material Order Centre**, Box 45011, Ocean Park RPO, WHITE ROCK, B.C., V4A 9L1.

Re: Nomination of Ollie Thomson for the Recycling Council of Ontario (RCO) Waste Minimization Award

Dear Mr. Volterman:

I am nominating Ollie Thomson for the RCO Waste Minimization Award under the category of "Outstanding Individual". Please find enclosed supplementary information on the RCO awards process. To increase her chances of being recognized appropriately for her contribution to the environmental community I am asking if you would be able to provide a letter of recommendation citing your involvement with Ollie (eg. Keep Hamilton Clean Committee) and the calibre and substance of work she has contributed. The materials for nomination must be submitted to myself no later than February 23, 1995. Please call or fax your response as to whether or not you would wish to participate or if you have any questions regarding the nomination. Your participation would be greatly appreciated.

Sincerely,

H. Lillian Kucsma

CALL FOR NOMINATIONS

For the 1994 Ontario Waste Minimization Awards

The Recycling Council of Ontario is a non-profit organization founded in 1973. A leading authority on waste management, the RCO represents individuals, business, government and community groups. The RCO believes that society must minimize its impact on the environment by eliminating waste through reduction, reuse, recycling and composting.

To that end the RCO hosts an annual conference, maintains a province-wide hotline & resource centre, operates a home composting education program, sponsors Waste Reduction Week and presents the Ontario Waste Minimization Awards.

This year will mark the presentation of the 11th annual Ontario Waste Minimization Awards. These awards recognize individuals, businesses, governments and organizations whose efforts to minimize waste are contributing to a cleaner, more sustainable environment.

Please read the criteria below and complete the enclosed nomination form to help us recognize deserving conservers.

AWARD CATEGORIES

For "Outstanding Performance" in the following categories:

- Individual Adult
- Individual Youth
- Municipality, population less than 20,000
- Municipality, population 20,000 - 100,000
- Municipality, population 100,000+
- Product/Packaging/Technological Innovation
- Market Development
- Business
- Green Industry
- Institution
- Non-Profit Organization
- School
- Recycling Program Operator

NOMINATING RULES AND PROCEDURES

Nominees for the "Outstanding Individual" Category must have been residents of Ontario for at least nine months of 1994.

Nominees for all other categories must have conducted business in the province of Ontario in 1994.

The accomplishment(s) supporting the nomination must be new in 1994, or have taken place in 1994. The only exception is for the "Outstanding Individual" categories, where consideration will be given to lifetime achievement.

Joint ventures will also be considered.

A nominator may submit no more than two nominations.

The nominee must have consented to the nomination.

A nomination form must be completed for each submission in each category.

The accompanying nomination form must be completed in full. Supplementary material (e.g., newspaper articles, photographs, letters of support) may also accompany the nomination. All materials should be typewritten or neatly printed.

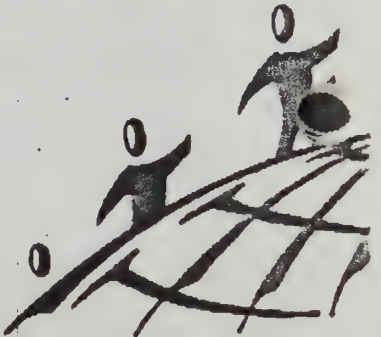

For categories other than "Individual", include the name of a contact person at the organization. Indicate if this person or organization is being nominated in more than one category.

The RCO reserves the right to assign a nomination to a different category, where appropriate.

NOMINATING DEADLINE

Nominations and supporting data must be received or post-marked by Canada Post no later than February 24, 199 They may be mailed or hand-delivered to:

The Awards Committee
Recycling Council of Ontario
489 College St., Suite 504
Toronto, Ontario M6G 1A5

JUDGING

Selections will be made by the RCO Awards Committee. All nominations are subject to verification. All decisions are final.

Judging will follow the hierarchy of the 3Rs: Reduction, Reuse, Recycling. First priority will be given to waste reduction at source, including composting; then to reuse; and finally to recycling. The nomination form will provide the primary basis for judging.

Under certain exceptional circumstances, the RCO reserves the right to withdraw an Award and the associate rights thereto.

AWARDS NOTIFICATION AND PRESENTATION

The 1994 Ontario Waste Minimization Awards will be presented at an Awards Ceremony at the Sheraton Centre, in Toronto on the evening of April 27, 1995.

Finalists in each category will be notified three weeks in advance by phone, with follow-up confirmation by registered mail.

SPECIFIC JUDGING CRITERIA (BY CATEGORY)

Outstanding Individual, Adult and Youth

The "Adult" award recognizes an individual whose perseverance and determination over the years have had a measurable impact in reducing waste and promoting the conserver ethic in the community, workplace, or in government.

The "Youth" award recognizes a person under 18 who has demonstrated exemplary commitment and leadership by involving his/her peers, schools, neighbours, or community in waste reduction and conservation efforts.

THINKING GLOBALLY

Nominations for the "Outstanding Individual" category need complete only questions 1-7, 11 & 14. Other questions are optional. In this category, references to the year 1994 should be ignored.

Outstanding Municipality

There are three categories: population less than 20,000; 20,000-100,000; over 100,000. Each will recognize a municipality, a regional government or a group of municipalities that are working cooperatively (i.e. within a county or regional municipality) on 3Rs initiatives.

NOTE: A municipality that is nominated as part of a larger cooperative group should not be nominated individually.

Special consideration will be given to innovative programs that demonstrate tangible waste reduction or diversion, innovative public education programs, or program modifications that maintain or increase levels of waste reduction and diversion in a significantly more cost-effective manner than a previous, established program.

Outstanding Product/Packaging/ Technological Innovation

This award recognizes new products, packages, or technologies introduced into the marketplace in 1994. Specifically, these must be creative innovations that are cost effective, have the greatest net impact on the waste stream both in terms of volume reduction of waste and reduction of toxicity, increase market demand for secondary materials, and/or help establish new industry standards.

Outstanding Market Development

This award recognizes an organization that has helped develop markets for recyclable/reusable materials through one or more of the following:

- increased capacity for recycled materials through production innovation and modification;
- financial investment in new processes, with the potential for further growth;
- stabilization of demand and market pricing of secondary materials.

Special consideration will be given to a company or organization that is committed to helping sustain a long-term market and ensure that, where applicable, the new market is

Dear Ms. Kucsma:

Upon hearing that Ollie Thomson is being nominated for the RCO Minimization Award as an "Outstanding Individual", the Keep Hamilton Clean Committee was very pleased.

The efforts of Ollie Thomson have been outstanding in keeping Hamilton the place of beauty that it is. Her achievement in reducing the effects of litter in the Hamilton area have complimented our Committee's efforts. Her time and energy with this Committee have not gone unrecognized.

The Keep Hamilton Clean Committee supports her nomination for this prestigious award.

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Evelyn Principato, Vice-Chairperson Jim Auty Michael Cuberovic Jennifer Dent Lori Nethercut Sandro Principato Raffaella Brugnano
Regrets:	Alderman D. Wilson Robert Brooks
Also present:	Candice Ramirez, Youth Affiliate Don Heintz, Public Works Department Betty Carter, Secretary

1. **ADOPTION OF MINUTES**

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1995 February 01 and these minutes were adopted as circulated.

2. **CHAIRPERSON'S REMARKS**

Ron Volterman, Chairperson, apprised the Members as to the current status of the Keep Hamilton Clean Committee. He reported that he attended the February 7th meeting of the Finance and Administration Committee, at which time the report of the Task Force to Review Sub-Committee was to be considered.

The report in question had recommended that the Keep Hamilton Clean Committee be disbanded; that the responsibilities be transferred to the Transport and Environment Committee; and that the Transport and Environment Committee give consideration to having this Committee's functions performed by the Public Works Department. This report was subsequently tabled.

Ron Volterman further advised that the Chairperson of the Finance and Administration Committee suggested that Ron meet with the Chief Administrative Officer and the Director of Public Works. Another report was subsequently prepared recommending that the Keep Hamilton Clean Committee continue to function as a Sub-Committee of the Transport and Environment Committee. This new recommendation was approved by the Members of the Keep Hamilton Clean Committee and will be forwarded to the Secretary of the Transport and Environment Committee for its consideration.

Discussion ensued regarding the Committee's ability to honour commitments for projects currently underway, and the Committee was advised that all commitments would be honoured.

3. BUSINESS ARISING FROM THE MINUTES

(a) Status of Mall Display

Jim Auty reported that the display is currently at the Hughson and King Street location of Canada Trust and will be there until March 15th at which time it will be taken to McMaster University for display during the 35th Annual Hamilton District Science and Engineering Fair.

(b) 1995 Spotless Debate

Ron Volterman stated that he has not been able to reach either Rob Shepherd of Cable 14 or Michael Clarke of the Hamilton Wentworth Debating Society. He will follow up on this.

(c) 1995 Pitch-In Week Poster Advertisement

Jim Auty presented the poster advertisement which will be displayed on HSR buses in April 1995, and after a few minor amendments, the Committee approved the final wording and layout of the poster.

(d) 1995 Pitch-In Week Poster Competition

Evelyn Principato reported that a six-foot sub was enjoyed by the grade one class at St. Daniel's School, which is the school attended by Peter Oddi, the junior winner of the poster competition. She also received and delivered to the Committee a thank you poster from this class. This poster will be displayed outside the Mayor's Office for public viewing.

Evelyn also advised that, due to a mix up in the order, the grade eight class of St. Jerome's School (senior winner Alyshia Mahy's class), received two large trays of smaller subs instead of one six-foot sub. Each student also received a coupon for a free six-inch sub.

Sandro Principato and Jim Auty also attended the schools and took pictures.

Evelyn also displayed the two winning posters which have been framed, and these will be presented to the two winners by the Mayor at the 1995 April 25 City Council meeting, along with Certificates of Recognition.

(e) 1995 Pitch-In Week Invitations

Jim Auty showed the Committee a copy of the invitation and participation form used for Pitch-In Week in 1993 and discussion took place as to the format to be used for 1995. It was decided the format would be the same except for a few minor changes. The return date for the participation forms will be changed to April 5, and the phone number will be changed to 546-3920. A covering letter will also be mailed out with the invitations.

It was also agreed that Bag Packing for the School Boards would be done on Wednesday, April 19th at 6:30 p.m. at the Chedoke Maintenance Depot, 161 Studholme Road.

The Committee also approved that 750 dozen pairs of thin cotton gloves be purchased at an estimated cost of $3. per pair, or $1.50 per pair if substandard. Don Heintz will try to get the substandard gloves if they are available.

(f) Hamilton District Science Fair and Engineering Fair

After some discussion, the Committee approved the following:

That the Keep Hamilton Clean Committee participate in the Hamilton District Science and Engineering Fair by providing a financial donation and prizes as follows:

(a) $100. for administrative uses;

(b) $100. for the first place winner who will be determined by the Committee;

(c) Keep Hamilton Clean T-Shirt(s) and Spotless Lapel Pin(s) for honourable mention(s).

Raffaella Brugnano advised that the Committee's display will be set up in the students' lounge at McMaster University during the fair.

(g) Public Service Announcement

Evelyn Principato reported that she attended Mohawk College on Monday, February 6th to get the competition underway. She advised that the Committee's topic, i.e. "Littering - ignorance or arrogance?" was not very well received, and it was suggested that a more positive theme be used.

4. ASSIGNMENT OF AREAS OF RESPONSIBILITY TO MEMBERS

(a) Illegal Dumping Workshop Liaison

As there has been no contact for quite awhile with this special interest group, this matter was tabled until a liaison is actually required.

(b) Pitch-In Week

Evelyn Principato volunteered to make phone calls with respect to Pitch-In Week, and Sandro Principato and Jennifer Dent volunteered to call the schools, with Ron Volterman to be in overall charge of Pitch-In Week activities.

(c) Puppet Play

Lori Nethercut volunteered to work on the puppet play but stated that she cannot be directly in charge of this because of other commitments. Evelyn Principato stated that she will put in a request with the Volunteer Centre to see if a volunteer is available. In the meantime, no one will be in charge of the puppet play until the Committee has additional members.

5. CORRESPONDENCE RECEIVED

(a) Letter from Pitch-In Canada

The Committee was in receipt of a letter dated February 1995 from Pitch-In Canada requesting that the Committee submit a letter to The Honourable Bud Wildman, Minister of Environment, explaining why this Committee makes an annual financial contribution to Pitch-In Canada. The Committee agreed that a letter should be sent as requested.

(b) Letter from H. Lillian Kucsma re Recycling Council of Ontario Waste Management Minimization Award

The Committee was in receipt of a letter, dated 1995 January, from H. Lillian Kucsma, Project Co-ordinator of Hamilton-Wentworth Green Community Initiative, advising that Ms. Ollie Thomson is being nominated for the Recycling Council of Ontario (RCO) Waste Minimization Award.

Ms. Kucsma requested that the Keep Hamilton Clean Committee submit a letter of recommendation citing its involvement with Ms. Thomson and the calibre and substance of work that she contributed to the Committee.

As this letter of support was required by February 23rd, 1995, Ron Volterman advised that, on behalf of the Committee, he drafted such a letter and it has been sent. The Committee was unanimously in favour of the action taken by the Chairperson.

6. OTHER BUSINESS

Jim Auty advised that the Barton Street B.I.A. will be holding a street festival in late September with Barton Street being closed to vehicular traffic between Wellington and Wentworth Streets. It was suggested that Spotless attend this function, along with a couple of Committee Members, to promote the activities of the Committee.

Michael Cuberovic informed the Committee that his wife has nominated the Keep Hamilton Clean Committee for the Environmentalist of the Year Award.

Michael Cuberovic also enquired about the possibility of calling cards being supplied to each member. It was discovered, however, that a supply of calling cards used in previous years was available for the use of the current members.

Michael Cuberovic pointed out that one item appearing in the Spring issue of PITCH-IN NEWS, a publication of Pitch-In Canada, may be of interest to the Committee. The 1995 International Coastal Clean Up, organized by the U.S. Centre for Marine Conservation, will take place the weekend of September 16/17, 1995. Michael suggested that the Committee send away for the free data cards available and for other information, in order to investigate this Committee's possible participation in the coastal clean up. Michael Cuberovic will contact this organization and report back to the Committee once he receives the data cards.

Ron Volterman brought to the Committee's attention an article in the March 1st, 1995 edition of The Spectator respecting the Regional Environmental Services Committee's proposal to impose a $5. charge for residents of all municipalities of Hamilton-Wentworth to use waste transfer stations. The Committee agreed that a letter of protest should be sent to the Environmental Services Committee, with a copy being sent to the Editor of The Spectator.

7. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved,

Ron Volterman Chairperson
Keep Hamilton Clean Committee

Betty Carter, Secretary

2.

CITY OF HAMILTON

- RECOMMENDATION -

DATE: 1995 March 13

REPORT TO: Kevin C. Christenson, Secretary
Transport and Environment Committee

FROM: Susan K. Reeder, Secretary
Finance and Administration Committee

SUBJECT: Keep Hamilton Clean Committee

RECOMMENDATION:

(a) That the responsibilities for the Keep Hamilton Clean Committee be transferred to the Transport and Environment Committee; and,

(b) That the Transport and Environment Committee give consideration to having the functions performed by the Keep Hamilton Clean Committee be assumed by the Public Works Department in a similar manner as the Beautification Committee. (ie projects such as the Spotless Debate, Pitch-In Week, etc. can be done by groups of volunteers from the community, and funds for these projects can be budgeted from within the Public Works Department budget)

Susan K. Reeder

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The annual budget for this Committee is $12,300.

Resource staff in the Public Works Department is presently assigned to work with the volunteer group of the Keep Hamilton Clean Committee and could continue to carry on the projects of this group with the assistance of these volunteers on a task-oriented basis as each project is undertaken throughout the year.

BACKGROUND:

The Finance and Administration Committee at its meeting held Tuesday, 1995 March 7th, approved the above-noted recommendation.

cc D. Lobo, Director of Public Works - Attention: D. Heintz

CITY OF HAMILTON

- RECOMMENDATION -

DATE: 1995 March 9

REPORT TO: Mr. Kevin C. Christenson, Secretary
Transport and Environment Committee

FROM: Mr. D. Lobo
Director of Public Works

SUBJECT: The Keep Hamilton Clean Committee - Future Status

RECOMMENDATION:

1) That the Keep Hamilton Clean Committee be recognized as Committee reporting to the Department of Public Works.

2) That support staff services to this Committee be provided by the Public Works Department on a volunteer service basis involving no staffing time costs.

3) That the secretarial services be provided to the Committee by a citizen member of the Keep Hamilton Clean Committee.

4) That the Terms of Reference for the Keep Hamilton Clean Committee attached hereto as Appendix "A" be approved.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The Keep Hamilton Clean Committee's Current Budget allocation is found in the Streets and Sanitation Section of Public Works as Budget Centre #60511 (Keep Hamilton Clean Committee). This Budget, which has been $12,300 for the last several years, should continue in that amount. It is estimated that expenditures from this budget will be: (a) Annual PITCH-IN Donation: $2,675; PITCH-IN Week Advertising: $5,500; supplies for Portable Professional Display Unit: $1,000; Hot Spots Tour costs: $500; Meeting Costs: $500; Miscellaneous expenses: $2,125; TOTAL = $12,300.

The staffing level to support this sub-committee be through two (2) volunteer members of the Public Works staff complement with no staff time costs attributable to this sub-committee and that the secretarial services, as provided in the past by the City Clerk's Department, be deleted as part of the staffing complement assigned to this committee.

BACKGROUND:

City Council, at its meeting held on 1993 September 28, approved the formation of a Task Force to Review the Sub-Committees. The creation of this Review arose as a result of an Internal Audit on the cost of staff resources and meeting expenses incurred by Sub-Committees.

The Keep Hamilton Clean Committee was originally formed at the instigation of former Alderman Brian Hinkley. The Committee's original Terms of Reference were approved by City Council on 1988 July 26.

The Committee has had the general duty to report and/or recommend to the appropriate Standing Committee(s) of City Council on matters with respect to littering, dumping, defacing property by means of illegal postings, graffiti, etc. and generally on Keeping Hamilton Clean and it is the Central Committee responsible for organizing and co-ordinating the "PITCH-IN Week" activities during a week in May each year.

In addition, the Committee has a Puppet Play that sends the Committee's message to students at many elementary schools each year. Other Committee activities include participation in the Santa Claus Parade and an annual Hot Spots Tour in which media focus is placed on properties which are examples of the state in which a property should <u>not</u> be maintained. The key is to increase public education and use "awareness strategies" to encourage people to be more concerned about their environment.

Points to Ponder...

- The Keep Hamilton Clean Committee received a Certificate of Achievement from the Guinness Book of Records for having 19,485 volunteers participate in a one day clean up on 1991 May 9.

- In 1994, the Committee co-ordinated the PITCH-IN activities of 95 Public Schools, 58 Separate Schools, 50 Cub, Scout, Brownie or Guide Groups, 81 Church and Community groups as well as many individual citizens in cleaning up their community. Fifty-eight (58) tons of litter in twenty-three (23) corporately-donated lugger bins were collected. That is in addition to large volumes of litter that were placed out for our Parks, Streets and Sanitation employees to collect in the normal course of their duties. This Committee is the central organizer for this function including advertising, garbage bag distribution and other functions.

- The Committee holds an annual Hot Spots Tour and with the help of media publicity, many of the spots selected to view are subsequently cleaned up by the owners.

- In 1994, the Committee's Puppet Play was presented fifteen (15) times to over 600 children ages 4 to 7.

- Each Saturday in the Comic Section of the Hamilton Spectator, the Keep Hamilton Clean Committee has a contest in which children are asked to draw pictures related to a weekly theme. Last year, over 1,500 school-aged children entered this contest.

- For the 1995 PITCH-IN Week in May, the Committee initiated a Poster Contest to provide the Committee with original art work to promote the PITCH-IN Week activities. Nearly 400 entries were received for that contest.

- Spotless, the Litter Watch Dog is the mascot of the Committee. This full sized mascot has, over the years, appeared at a Tiger Cat game, attended at schools, seniors day events, the Wiggle Waggle Walk-A-Thon and the Santa Claus Parade.

- Groups that the Committee is associated with: The Hamilton & District Debating Society for the annual Debate, Mohawk College for the Public Service Announcement Contest and the Hamilton & District Science and Engineering Fair.

- The Committee has a portable, professional Mall Display Unit that has, over the years, been located at numerous malls, banks and other locations with photos and brochures to promote keeping Hamilton clean.

The work of this Committee of volunteer citizens is very valuable. As a cost-effective tool to get more done with less, the Keep Hamilton Clean Committee is a tool that should be preserved and enhanced.

DL/CFE/DH/

Appendix "A"

a) (i) To report and/or recommend to the Public Works Department on matters with respect to littering, dumping, defacing property by means of illegal postings, graffiti, etc. and generally on Keeping Hamilton Clean.

(ii) The Committee shall be comprised of twelve citizens appointed by the Transport and Environment Committee following the standard City sub-committee appointment process.

(iii) The terms of the Committee members shall be staggered such that four citizens are appointed annually.

(iv) The Committee shall be an advisory body with authority only to make recommendations to the Public Works Department; with the exceptions of specific areas or programs delegated to the Committee.

(v) The Committee shall annually elect from within its membership a Chairperson, Vice Chairperson and Secretary; none of whom shall serve in this capacity for longer than two City Council terms.

(b) That the Keep Hamilton Clean Committee be the Central Committee responsible for organizing and co-ordinating the "PITCH-IN Week" activities during a week in May each year.

SUBJECT: PITCH-IN WEEK Arrangements
Keep Hamilton Clean Committee

DATE: 1995 March 23

Further to our telephone conversation of this morning, I have been unable to determine who, if anyone, called your Board Office to pre-arrange your co-operation/involvement in the 1995 PITCH-IN WEEK process.

As I must assume that such arrangements were inadvertently overlooked, please allow me, on behalf of the Keep Hamilton Clean Committee, to convey my apologies for any problems that this may have caused in your operations.

May I request your's and Mr. Daly's co-operation with the Keep Hamilton Clean Committee in a similar fashion as in past years:

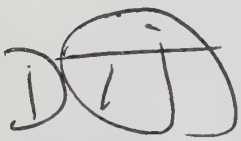

- Attached please find our Invitation letter and a photocopy of our Participant Information Card. This material was sent directly to all schools in the City of Hamilton. You will note that PITCH-IN WEEK in 1995 runs from May 1st to 7th inclusive.

- Should your schools return their Participant Cards to the Board Office, may we request that you hold onto them until our representative comes in around the middle of April to collect them.

- The Keep Hamilton Clean Committee will then prepare parcels of garbage bags and gloves (suitably labelled by school name) to satisfy the PITCH-IN WEEK requirements of each responding school.

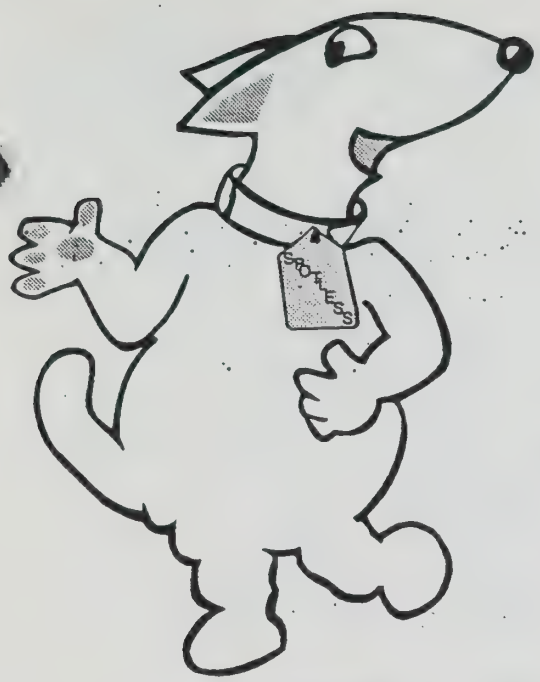

- We request your co-operation also to allow us to drop off those labelled packages to your depot in the last half of April to utilize your internal mailing system to get the bags and gloves to the participating schools.

Should you require further information, please contact the writer at the above phone number or by fax at 546-3972. Your continued co-operation would be appreciated.

c.c. Mrs. B. Carter, Secretary, Keep Hamilton Clean Committee

Be "Spotless not Thoughtless, Care about our City" and together we can make a difference!

The Keep Hamilton Clean Committee invites you to participate with them in making Hamilton the cleanest, most beautiful City in Canada.

We would like you to choose your favourite area — a Park, a natural ravine area, school yard or just around the Neighbourhood — and make it an even better place.

We are also interested in knowing as much as possible about your efforts. Record information about the site cleaned, how many people were involved, how much was done (number of garbage bags, weight or volume etc.), when you did it and 'before' and 'after' pictures. Pictures can be of special use for our promotional Display Unit. We like to brag and we would like to see your efforts displayed for others to see as well. *P.S.-Move in close when taking pictures - make your point easy to see!*

Safety is also an important issue. Do not take unnecessary risks with heavy or dangerous materials.

We look forward to hearing about you efforts.

Dear Members:

Re: Proposed $5. Charge for Residents To Use Waste Transfer Stations

Please be advised that the Keep Hamilton Clean Committee at its meeting held 1995 March 01, was unanimously opposed to the $5. charge being contemplated by the Environmental Services Committee, for residents to use waste transfer stations in Hamilton-Wentworth.

One of the mandates of this Committee is to reduce the number of incidents of illegal dumping in the City, and to this end the Committee attempts to expound to the residents the principal of the accessibility of the waste transfer station in Hamilton. If the freedom of this facility is reduced, the number of incidents will increase exponentially.

There are already numerous areas around the City/Region where people feel that it is a good spot to just toss their refuse instead of using the waste transfer stations. It seems that the little extra time it takes to go to a waste transfer station is a deterrent, let alone having to pay a user fee.

For this alone, the Keep Hamilton Clean Committee is unanimously against the imposition of any extra charges for the use of waste transfer stations.

Ron Volterman/bb

Opinions differ on dumping fee at waste stations for residents

Councillors debate $5 charge as way to replenish cash-depleted cupboards

By JIM POLING
The Spectator

Regional politicians are considering a user-pay system for residents who haul garbage to waste transfer stations in Hamilton-Wentworth.

People who bring trash to the transfer stations aren't charged if their load weighs less than 150 kilograms (330 pounds). But politicians are eyeing a $5 charge to fill the region's cash-depleted cupboards.

The issue was debated at an environmental services committee meeting yesterday.

"It's a reasonable request," says Hamilton Councillor Don Drury. "In Ottawa it costs $12-$15 to use the transfer station. A nominal fee also reinforces in people's mind that every time they get rid of garbage there is a cost to it. It's a user-pay philosophy. It's not full user-pay, but it's a start."

Other regional representatives aren't as happy and say they will argue against the new tax.

Hamilton Councillor Terry Anderson is among councillors who say they will vote against the fee when it is debated by council.

"I'm dead set against it," he said. "One of the most basic services you pay for is garbage collection. An extra fee doesn't make sense. What we are saying is, 'We will pick it up in front of your house without extra cost, but we'll charge you $5 to take it to the transfer station.'"

Hamilton Councillor Dave Wilson, chairman of the transportation services committee, says he's also not in favor of the extra garbage tax. He said, if the fee is passed, it will generate $563,000 this year and $750,000 annually after that.

> *"We have to either cut programs or increase revenues."*
>
> *– Dave Wilson*

"I'm not happy about this (proposed fee)," he said. But he acknowledged the environmental services' $93.5-million budget must be sliced.

"We have to either cut programs or increase revenues," he said.

He also said, if the $5 fee is approved, it will likely stop residents from other regions from driving to Hamilton-Wentworth to dump trash. For example, Mr. Wilson says it's known people from Halton, where there is a $5 dumping fee, use Hamilton-Wentworth transfer stations.

Other service cuts that were on the table but were not approved involved the household hazardous waste and blue box recycling programs.

One of the mandates of this committee is to reduce the number of incidents of illegal dumping in the city. And to this end the committee attempts to expound to the residents the principal of the accessibility of the waste transfer station in Hamilton.

If the freedom of this facility is reduced, the number of incidents will increase exponentially.

There are already numerous areas around the city/region where people feel that it is a good spot to just toss their refuse instead of using the waste transfer stations.

It seems that the little extra time it takes to go to a waste transfer station is a deterrent, let alone having to pay a user fee.

For this alone, the Keep Hamilton Clean Committee is unanimously against the imposition of any extra charges for the use of waste transfer stations.

Ron Volterman, Chairperson,
Keep Hamilton Clean Committee,
Hamilton.

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Evelyn Principato, Vice-Chairperson Jim Auty Michael Cuberovic Lori Nethercut Raffaella Brugnano Jennifer Dent
Regrets:	Alderman D. Wilson Sandro Principato
Also present:	Candice Ramirez, Youth Affiliate Krista Blackborow, Youth Affiliate Don Heintz, Public Works Department Al Marshall, Public Works Department Betty Carter, Secretary

1. **ADOPTION OF MINUTES**

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1995 March 01 and these minutes were adopted subject to amendments noted at the meeting.

2. **CHAIRPERSON'S REMARKS**

Ron Volterman reported that the Transport and Environment Committee at its meeting held 1995 April 3 approved the following recommendation:

(a) That the Keep Hamilton Clean Committee be recognized as a Committee reporting to the Department of Public Works.

(b) That support staff services to this Committee be provided by the Public Works Department on a volunteer service basis involving no staffing time costs.

(c) That the secretarial services be provided to the Committee by a citizen member of the Keep Hamilton Clean Committee.

(d) That the Terms of Reference for the Keep Hamilton Clean Committee attached hereto as Appendix "A" be approved.

With respect to Item (c), Raffaella Brugnano graciously volunteered to act as Secretary and take the minutes of the meetings until at least the June election meeting.

The Secretary explained that within the next month a Public Notice would be placed in The Spectator advising that the City would be considering the appointment of citizens to various Committees, and that hopefully by the June meeting the Keep Hamilton Clean Committee would have its full complement. All current members whose term of office are now expiring must re-apply by completing an application form. Application forms will be available from the City Clerk's office once the advertisement has appeared in the newspaper.

Ron Volterman introduced the Committee's newest youth affiliate, Krista Blackborow, who is a student of St. Thomas More Catholic High School and who is very interested in the environment. All Committee Members then introduced themselves to Krista.

3. **BUSINESS ARISING FROM THE MINUTES**

(a) **Status of Mall Display**

Jim Auty reported that the display was located at the Upper Ottawa and Fennell branch of Canada Trust for one day for their Environmentalist Day. On March 15th the display was at McMaster University and manned by Committee Member Raffaella Brugnano. It was then taken to the foyer at Mohawk College for the Hamilton District Science and Engineering Fair from March 30 until its removal on April 3rd. The display will also be set up at Copps Coliseum from May 7-13 for the Hamilton District Science and Engineering Fair.

Lori Nethercut suggested that the display be set up for the Environmentalist of the Year Awards on June 5th, and the Committee was in agreement with this. With respect to this event, Don Heintz stated that details will be finalized at the May meeting.

(b) **1995 Spotless Debate**

Ron advised that because he has been unsuccessful in contacting Rob Shepherd of Cable 14, it may now be too late to get the debate underway and suggested the debate be cancelled for 1995. The Committee concurred. This matter will placed on the agenda in the fall of 1995, at which time the Committee will initiate the project for 1996.

(c) **1995 Pitch-In Week Poster Advertisement**

Jim Auty reported that Peter Oddi's poster will be displayed on HSR buses as of Monday, 1995 April 10. He also advised that the principal of Peter's school, St. Daniel's, has given permission to the HSR to bring a bus onto the school property on Friday, April 7th, at which time Peter and the bus driver will install the signage. Committee Members and Spotless will attend the "unveiling" at 11:00 a.m. Pictures will be taken for promotional work on the mall display. Michael Cuberovic has contacted Brabant Newspapers.

(d) **Hamilton District Science Fair and Engineering Fair**

Raffaella Brugnano reported that the Hamilton District Science Fair and Engineering Fair was held the last week of March. There were two winners from Westview School. Their topic was composting using kitchen waste and potting soil, and this won a gold award receiving a rating of over 90% from a panel of judges. Ron stated that Raffaella did a good job herself in judging the entries and making the presentations, and thanked her on behalf of the Committee.

(e) **Public Service Announcement**

Evelyn Principato reported that she and Hazel Milsome of the Public Works Department reviewed the submissions for the Public Service Announcements (PSA's). She stated that the majority of students did story boards this year which was a nice concept, but that fewer entries were received this year. She advised that the Andy Awards will be presented this Friday evening, 1995 April 7, at Mohawk College.

4. **PITCH-IN WEEK**

(a) **School Board Contact**

Don Heintz stated that he had contacted the school boards. Rather than having all the Participant Cards mailed back to the Committee individually, one person from each board will be responsible for collecting the Cards. Al Marshall will then pick them up from the school boards and deliver them to Jennifer Dent. Lori Nethercut and Jennifer Dent will then contact those schools that did not respond. In this regard, Jennifer asked Candice Ramirez and Krista Blackborow if they could possibly assist with telephone calls to the schools.

Krista suggested that an announcement regarding Pitch-In Week could be made over the Public Address System at the schools. This was deemed to be a good idea, and Michael Cuberovic will draft an announcement and send it to the attention of the school principals asking that the announcement be read over the PA system.

(b) **Lugger Bins**

Al Marshall advised that all lugger bins are now set up. A suggestion was made that signs be posted on each lugger bin publicizing the name of the company that supplied the lugger bin with a thank-you from the Keep Hamilton Clean Committee. Al will call a couple of the companies to see if this is advisable. If the companies are in agreement, Al will arrange to have signs made up and posted.

(c) **Bags and Gloves**

Discussion took place regarding the number of gloves and bags to be distributed to the participants of Pitch-In Week, and the packing of these gloves and bags. Lori requested that packing tape in dispensers be provided. Al Marshall will see that tape, markers and scissors are provided.

Don Heintz reported that the gloves this year cost $3.45 per dozen pair.

5. **CORRESPONDENCE RECEIVED**

(a) **Letter from Janet Cirrola, Scott Park Secondary School**

The Committee was in receipt of a letter from Janet Cirrola of Scott Park Secondary School advising who their student representative would be. This letter was received.

(b) **Letter from Regional Clerk's Office**

The Committee was in receipt of a letter from Lynda Sohal of the Regional Clerk's Office, dated 1995 March 23, advising that the letter submitted by the Chairperson of the Keep Hamilton Clean Committee respecting the proposed $5. charge for residents to use waste transfer stations.

Ron Volterman stated that he had written to the Regional Environmental Services Committee, on behalf of the Keep Hamilton Clean Committee, protesting the Region's proposed $5. charge. A copy of Ron's letter was also sent to the Editor of The Spectator, which was subsequently published in the newspaper. Ron advised that the Region has now decided not to impose a $5. charge for residents to use waste transfer stations. Ms. Sohal's letter was received.

(c) Letter from Lillian Kucsma

Ron advised that he had received a letter from Lillian Kucsma requesting that the Committee provide a letter of recommendation that Ollie Thomson receive the Environmentalist of the Year Award. A letter will be sent.

6. OTHER BUSINESS

Ron advised that he also received a telephone call from Mrs. Pat Jaggard asking that the Committee posthumously honour her husband, Bob Jaggard, a former Member of the Committee. Ron suggested that a letter be sent to Mrs. Jaggard advising her that this Committee endorses Bob Jaggard's nomination for this award. The Committee agreed.

Michael Cuberovic advised that he contacted Pitch-In Canada in Vancouver re the 1995 Coastal Cleanup. Michael had not yet received the materials from Vancouver but hoped to have information for the June meeting.

Lori Nethercut reported that she had received only two recommendations for Hot Spots and would like to receive more from the Committee Members.

Evelyn Principato advised that she sent out a request for a volunteer to assist Lori with the puppet play at the schools, but had not received anything to date. She will also contact Beavers and Sparks groups.

Al Marshall distributed business cards to the Members. Don reminded everyone to change the telephone number.

Evelyn Principato asked for minutes from the September 1993 meeting regarding Illegal Waste Dumping. Don will provide these for Evelyn.

The Chairperson stated that, because secretarial services would no longer be provided by the City, this was to be Betty Carter's last meeting as Committee Secretary, and on behalf of the Committee Ron expressed his thanks to "the cookie lady".

7. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved,

Betty Carter

Dear Mr. Heintz:

The Council of the Corporation of the City of Hamilton will be considering the appointment of citizens to the following Committees/Local Boards/Commissions:

Arts Advisory Sub-Committee
Central Area Plan Implementation Committee
Golf Sub-Committee
Hamilton Farmers Market Sub-Committee
Hamilton Historical Board
Hamilton Status of Women Sub-Committee
Keep Hamilton Clean Committee
Local Architectural Conservation Advisory Committee
Mayor's Advisory Council Against Racism and Discrimination
Mayor's Committee Against Racism and Discrimination
New Mum Show Sub-Committee
Safe City Committee
Taxi Advisory Committee

An advertisement inviting citizens to apply for membership on the above, will appear in the Hamilton Spectator on 1995 April 13 and April 18. Would you please notify those members of your Committee whose terms of office are expiring, of this advertisement and advise them that if they are interested in reapplying for renewal of their present appointment that they must contact the City Clerk's Department at 546-3994 to obtain an application form and return same by the 1995 May 12 deadline.

As you can see from the attached, all applicants, except those applying for renewal of their present appointment, are required to attend a mandatory Orientation Session in order to be considered for appointment.

The Orientation Sessions have been scheduled for:

Wednesday, April 26	10:00 a.m.	Council Chambers	EVELYN
Wednesday, April 26	7:00 p.m.	Council Chambers	RON
Thursday, April 27	7:00 p.m.	Council Chambers	RAFFELA

Citizens that have applied for membership on any of the above-noted Committees, **must** attend one of the above-noted sessions and register at each of the display booths to which they have applied for membership. Citizens may apply to a maximum of two Committees, however, **only one application form is to be completed**.

The purpose of the one-hour Orientation Session is to familiarize all applicants with the Committee's Terms of Reference, to better understand the commitment required by successful candidates, and to provide a forum where their questions with respect to these Committees can be answered.

Once again, City Council is requesting your assistance with these Orientation Sessions by providing the following:

(a) a representative from the Keep Hamilton Clean Committee to attend all three of the Orientation Sessions to make a five-minute presentation outlining your Committee's mandate, terms of reference, meeting dates, time commitment involved and to provide any other general information about your Committee which night be helpful to those applying for membership;

(b) supply sufficient copies of your Committee's mandate, terms of reference, meeting dates, etc. for distribution to interested parties following the Orientation Sessions and to be on hand to respond to any enquiries that may arise. One table and one chair will be provided for each Committee on the second floor foyer outside the Council Chambers, City Hall, for this purpose. Should you require additional chairs, etc., please let us know.

(c) have one member of the Keep Hamilton Clean Committee appointed to serve as a non-voting resource person on the Selection Committee to review applications and interview candidates applying for membership on the Keep Hamilton Clean Committee.

It would be appreciated if you would appoint a representative and contact Betty Carter, Legislative Assistant, at 546-3994, at your earliest convenience to confirm these arrangements.

Your co-operation in this regard is most appreciated.

Yours truly,

S. G. Hollowell
Acting City Clerk

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1995 April 05 and these minutes were adopted subject to amendments noted at the meeting.

2. CHAIRPERSON'S REMARKS

Ron Volterman thanked those who assisted with the bag distribution night on 1995 April 19.

3. BUSINESS ARISING FROM THE MINUTES

(a) 1995 Pitch-In Week Poster Advertisement

Ron Volterman reported to the Committee that the Pitch-In Week Poster Advertisement is receiving excellent coverage. The posters are currently being displayed on Hamilton Street Railway buses.

Mayor Robert Morrow presented the framed winning posters to the two children who won the poster competition during City Council's meeting on 1995 April 25. Ron Volterman and Michael Cuberovic represented the Committee at the City Council Meeting.

Al Marshall informed the Committee that a similar type of poster advertisement can be installed on the City's refuse vehicles.

(b) Public Service Announcement

Evelyn Principato reported that she had not received further information from Mohawk College concerning the 1995 Public Service Announcements. Once she hears from Mohawk College she will try to bring the completed video tapes to the next meeting.

(c) Public Notice - Citizen Appointees

An advertisement inviting citizens to apply for membership on various committees including the Keep Hamilton Clean Committee appeared in the Spectator on 1995 April 13 and 18.

Ron Volterman, Evelyn Principato, and Raffaella Brugnano made presentations at the orientation sessions held in Council Chambers on 1995 April 26 and 27. Ron Volterman thanked Evelyn and Raffaella on behalf of the Committee for representing the K.H.C.C. during the orientation sessions.

(d) Environmentalist of the Year Letters

Don Heintz did not have a copy of the letter at the meeting. He informed the Committee that the dinner will be held on 1995 June 05 at the Hillcrest restaurant at a cost of $25/ticket.

(e) Environmentalist of the Year - Tickets

In the past the Committee has purchased a table for those who wished to attend the Environmentalist of the Year dinner. Ron Volterman, Evelyn Principato, Lori Nethercut, Jennifer Dent, Michael Cuberovic, Candice Ramirez, Krista Blackborow, Phanh Thai, and Raffaella Brugnano expressed interest in attending the dinner. Michael Cuberovic agreed to contact Jim Auty to see whether he will attend as well.

Lori Nethercut made a motion to purchase enough tickets for those who will be attending the dinner. This was seconded by Sandro Principato.

The Keep Hamilton Clean Committee has been nominated for an 'Environmentalist of the Year' Award.

The Committee has approved of having its mall display set up at the Hillcrest during this event.

4. PITCH-IN WEEK

(a) Bags and Gloves - Distribution Night

The distribution night for bags and gloves was held on 1995 April 19.

Approximately eight hundred dozen pairs of gloves and 13000 to 16000 bags were distributed. According to Don Heintz, twelve boxes of bags and two or three dozen pairs of gloves were left over from the distribution night. The registered participants included the following:

- 44 Public Schools - 11447 participants
- 48 Separate Schools - 10435 participants
- Guides/Brownies - 172 participants
- Friends of Cootes Paradise - 100 participants

There has been some miscommunication with regards to schools not receiving their bags. Some school representatives have phoned Don Heintz stating that they have not been contacted by the K.H.C.C. Lori Nethercut reported that all the schools had been contacted with the exception of two schools whose telephone numbers had changed.

Several schools had sent bag requests directly to Pitch-In Canada. In response to this, Don Heintz will make a request to Pitch-In Canada to fax the Committee the names of these schools so they may be added to our lists.

Candice Ramirez noted that her school did not receive the Pitch-In Week announcement written for the schools' public address systems. These announcements were sent out to both school boards. Several Committee members mentioned that Pitch-In Week information/bags are often misplaced within the schools since the Committee does not have a specific contact person to address these items to. After considerable discussion, a suggestion was made to contact the schools two months prior to Pitch-In Week in order to obtain a contact person for each school.

(b) Activities this week

Don Heintz was contacted by K-Lite F.M. if he knew of any Pitch-In Week activities suitable for live coverage. Michael Cuberovic has sent out a media release to K-Lite F.M. with names of a few groups who will be working on clean-up projects this week.

Ron Volterman circulated an article from the Stoney Creek News describing the Clean Up of the Red Hill Valley.

Raffaella Brugnano informed the Committee that Spotless would be making a guest appearance at Durand Park on 1995 May 06.

5. HOT SPOTS TOUR

(a) Tour status

Lori Nethercut advised the Committee that the Hot Spots Tour is scheduled for 1995 June 02. Members are to meet at City Hall at 8:00 a.m. The tour will depart City Hall at 8:30 at the latest and will return by 2:30 p.m. Don Heintz will make the necessary changes to the van booking. Parking passes will be sent to all members participating in the tour.

Lori Nethercut, Ron Volterman, Evelyn Principato, Sandro Principato, Jennifer Dent, Candice Ramirez, Krista Blackborow, Phanh Thai, Don Heintz, and Al Marshall expressed interest in attending the tour. Lunch will be provided by the Committee. Lori made a request for any suggestions for restaurants.

Michael Cuberovic will send out a media release prior to the tour.

Lori is currently examining last year's Hot Spots locations.

The City's Building Inspector will be invited to participate on the tour.

6. CORRESPONDENCE RECEIVED

(a) Invoice from CHCH

Ron Volterman circulated an invoice from CHCH listing the time and dates when the 1994 Keep Hamilton Clean Committee Public Service Announcement was aired. Fifteen spots appeared during the month of March at a cost of $4500. As a corporate gesture CHCH did not charge the Committee for this service. Sandro Principato suggested that a thank-you letter be sent to CHCH. All present were in agreement.

The Committee was in receipt of a thank-you card from Betty Carter. It was received and circulated.

7. OTHER BUSINESS

Don Heintz advised the Committee to delete the Alderman's office telephone number from all K.H.C.C. letterhead. The Committee should use Don Heintz' telephone number instead.

Ron Volterman reminded the Committee of the elections for Chairperson, Vice-Chairperson, and Secretary at the upcoming June meeting. He was not certain whether the new Committee members will be selected by the June meeting.

Michael Cuberovic thought it would be a good idea to invite the new members on the Hot Spots Tour. Ron Volterman was not sure if this was possible as a result of the Committee's new mandate.

Lori Nethercut agreed to deliver the framed winning posters to St. Daniel's and St. Jerome's Schools.

8. ADJOURNMENT

There being no further business, the meeting then adjourned.

Dear Sir:

Re: Keep Hamilton Clean Committee - Public Service Announcement

At the meeting of the Keep Hamilton Clean Committee held on 1995 May 3, it was noted that we had received an Invoice from CHCH-TV in the amount of about $4,500 for the airing of Public Service Announcements. It was also noticed that this fee was waived by your station as a public service to the community.

The Committee, at its meeting, indicated that such a gesture of support deserved the thanks of this committee and, indeed, the entire community.

Thank you for your generous support.

Yours truly,

Ron Volterman

May 15, 1995

INVITATION

The Keep Hamilton Clean Committee invites members of the media to attend the annual "Litter Hot Spot Tour" to be held on Friday, June 2, 1995.

The Tour leaves the rear of Hamilton City Hall, upper level, at 0830 A.M. and returns by approximately 2 P.M. .

As in previous years, the committee will identify the City's worst litter spots and will rank the top 10 offenders.

The committee will be accompanied by representatives from the Public Works and Property Standards departments.

News coverage during this event is welcome. Should you have questions regarding arrangements, please contact either Don Heintz, Public Works, 546-3920 or Michael Cuberovic, Media and Promotions Liaison, Keep Hamilton Clean Committee, 578-3222.

Note: Our "top-secret" list of litter hot spots will not be disclosed until the tour is ready to depart City Hall.

Sincerely,

Michael Cuberovic

Hamilton, Ont. L8N 3T4.

Dear Spotless,

On behalf of all of us, thank you so much for coming to the ***Jumbo Garage Sale*** on Saturday. Your presence made the event really special. There was a noticeable absence of litter left lying around in the park which we are sure was due to your presence.

It was a marvellous day for us, the weather couldn't have been better, and although final figures are not yet in, three of the nine churches made in excess of $2,100 each for various charitable causes. Needless to say, everyone seems to think we should have a repeat performance next year, so pleasemark the first Saturday in May on your SPCA calendar!

Somewhere in all the mass of paper generated by this event, we have your phone number. However, if you would like copies of the photos, could you give Roddie a call at the above number, so she can arrange to get them to you?

Again, many thanks.

Sincerely,

Patricia

Regrets:	Alderman D. Wilson Michael Cuberovic
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Candice Ramirez, Youth Affiliate Krista Blackborow, Youth Affiliate Grazyna Moskwa, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1995 May 03 and these minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Ron Volterman thanked the Committee for all of its hard work this year. He was pleased with this year's advertising campaign, Pitch-In Week and Litter Hot Spots Tour, as well as the media coverage for the Committee's events.

Ron Volterman welcomed new youth affiliate member, Grazyna Moskwa from St. Thomas More Catholic Secondary. All Committee members introduced themselves.

3. ELECTION OF CHAIR, VICE-CHAIR & SECRETARY

Don Heintz advised the Committee that because the terms of office for Ron Volterman and Michael Cuberovic were to expire soon they had to be re-appointed before the elections.
In order to enable the incumbent applicants to participate in the annual elections, the Committee passed a motion accepting the re-appointment of Ron Volterman and Michael Cuberovic prior to these elections.

(a) Chairperson

Evelyn Principato, Vice-Chairperson, assumed the Chair and called for nominations for the position of Chairperson. The following nomination was received:

Ron Volterman

Hearing no further nominations, Ron Volterman was elected Chairperson of the Keep Hamilton Clean Committee by acclamation. Ron Volterman accepted the position and thanked the Committee.

(b) Vice-Chairperson

Ron Volterman, Chairperson, called for nominations for the position of Vice-Chairperson and the following nominations were received:

Evelyn Principato
Jim Auty

Evelyn Principato declined her nomination. Jim Auty was elected Vice-Chairperson of the Keep Hamilton Clean Committee.

(c) Secretary

Ron Volterman called for nominations for the position of Secretary. The following nomination was received:

Raffaella Brugnano

There being no further nominations, Raffaella Brugnano was elected Secretary of the Keep Hamilton Clean Committee.

4. BUSINESS ARISING FROM THE MINUTES

(a) Public Service Announcement - Evelyn Principato to report

Evelyn Principato reported to the Committee that the 1995 PSAs were ready for review.

(b) Citizen Appointees

Don Heintz was in receipt of correspondence from the City Clerks Department regarding the selection of citizen appointees. The City Clerks Department informed Don Heintz that the selection of new members will be left at the discretion of the Public Works Department.
Don Heintz was uncertain when the citizen appointees selection would take place. The Public Works interviewing panel would include Don Heintz, Al Marshall, and Ron Volterman.
Lori Nethercut thought that the new members should be accepted as soon as possible thus allowing them to attend the September meeting.
Evelyn Principato suggested that a letter be sent out to all those who applied acknowledging their application.
Don Heintz agreed to send letters to all applicants if they are not contacted for an interview within a week.

(c) Environmentalist of the Year Dinner

Many Committee members enjoyed themselves at the Environmentalist of the Year Dinner.
The mall display was set up at the Hilcrest restaurant prior to the dinner and received excellent coverage.
The Committee donated several t-shirts as door prizes.

(d) CHCH-TV - letter about PSA's

The Committee sent a letter to CHCH-TV thanking them for their services with the Public Service Announcement. The P.S.A. was aired 15 times during the month of March at a cost of $4500.

5. PITCH-IN WEEK

(a) General Discussion - onions & roses

Many members commented that this year's PITCH-IN Week was well organized.
A recommendation was made to obtain three tape guns for next year's bag distribution night.

(b) Suggested changes/ideas for 1996

Jim Auty has not received any photographs from this year's Pitch-In Week participants. He suggested that a photo contest would draw more photo submissions.

Better contact with the schools will be possible with additional youth affiliate.

The Committee agreed to using the bus poster advertisement for next year's Pitch-In Week campaign.

Committee members were asked to think about new ideas and photo contest themes for next year's PITCH-IN Week.

(c) PITCH-IN mailings to us - change of address

A letter was sent to PITCH-IN Canada outlining which mailings should be sent to Don Heintz and to Studholme Road.

6. HOT SPOTS TOUR

(a) Tour - general discussion/ suggestions

The 1995 Litter Hot Spots Tour was held on 1995 June 02. All Committee members agreed that the tour was well organized and received good media coverage.
Letters will be sent out to the property owners of the Top Ten offending areas.

7. CORRESPONDENCE RECEIVED

(a) Neighbouring Churches Association - Thank you to "Spotless"

The Committee was in receipt of a letter from the Neighbouring Churches Association thanking Spotless for being present at their garage sale held in Durand Park on 1995 May 06.
Ron Volterman thanked Spotless on behalf of the Committee.

8. FINANCIAL STATUS

Don Heintz informed the Committee that there was enough funding in the Committee's budget for the remainder of the year.

9. VIEWING OF THE PUBLIC SERVICE ANNOUNCEMENT

The theme for this year's Public Service Announcement was "Littering - Ignorance or Arrogance". The Committee viewed the top three submissions from Mohawk College. After considerable debate, the Committee selected the following winners:

First Place: Second P.S.A.
Second Place: Third P.S.A.
Third Place: First P.S.A.

10. OTHER BUSINESS

The Committee received a letter thanking Spotless for participating in the Guide/Scout parade.

Don Heintz informed the Committee that Pitch-In bags were provided for a clean-up of Trentholm Park last weekend.

Lori Nethercut asked if it was possible to give bags to several co-operative home residents wishing to clean a property listed on the Litter Hot Spots Tour. Don Heintz agreed to provide bags for this cause.

Before the meeting, Ron Volterman and Don Heintz discussed whether it was necessary to hold a meeting in September. After a discussion with the Committee, all agreed that there was a need for a September meeting.

The Committee viewed a news report featuring the Litter Hot Spots Tour.

11. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved

DATE: 1995 June 28

REPORT TO: Mr. Kevin C. Christenson, Secretary
Transport and Environment Committee

FROM: Mr. D. Lobo
Director of Public Works

SUBJECT: Appointments To The Keep Hamilton Clean Committee

BACKGROUND:

At the meeting of the Transport and Environment Committee held on 1995 April 3, the following was approved with respect to the Keep Hamilton Clean Committee:

(a) That the responsibilities for the Keep Hamilton Clean Committee be transferred to the Transport and Environment Committee,

(b) That the Keep Hamilton Clean Committee be recognized as a Committee reporting to the Department of Public Works.

The Committee had four vacancies and two of the existing members had terms which expired. Accordingly, the standard process for the appointment of members to citizen committees was followed with the advertising, orientation sessions and interviews taking place.

The Finance and Administration Committee, at its meeting held on Tuesday, 1995 May 23rd, agreed that the interviewing for the Keep Hamilton Clean Committee should be done by the Public Works Department.

The two incumbent members whose terms were expiring were Ronald Volterman and Michael Cuberovic:

Both applied to continue their membership in the Committee and both were endorsed by the other members for continued membership in the Keep Hamilton Clean Committee and were appointed by the Department of Public Works to this Committee.

There were four remaining vacancies with seven applicants for these spots.

One applicant, who was recently appointed to another citizen's committee, declined to be interviewed. Another, despite a letter and several messages being left on his answering machine, did not show up for the interview.

There were five people interviewed for the four spots and rated by the three interviewers. The following four (4) citizens were appointed:

Mr. Fred Loft for a Term to expire 1995 December 31.
Mr. Mark Whittle for a Term to expire 1995 December 31.
Mr. Rick Butson for a Term to expire 1997 December 31.
Mr. Frank Noto-Campanella for a Term to expire 1997 December 31.

The other applicant, while not selected for this Committee, advised that he had been selected by another Citizen's Committee for membership on that Committee.

DATE: 1995 June 13

REPORT TO: Stella Glover, Secretary
Planning and Development Committee

FROM: Doug Lobo
Commissioner of Public Works and Traffic Department

SUBJECT: Seventh Annual Public Service Announcement Competition; Phase IV of the Downtown Hamilton Action Plan.

RECOMMENDATION:

1. That the following prizes be awarded to the Mohawk College broadcasting students for their submissions in the Phase IV, Downtown Action Plan, Public Service Announcement (P.S.A.) competition. All of the P.S.A.'s contain messages about keeping Hamilton clean.

   First Prize: Richard Belletti
   Second Prize: Jane Hicks
   Third Prize: Sandra McCallum

2. That funds be provided from Phase IV of the Downtown Action Plan for the first prize at $700., second prize at $500., and third prize at $300., and a donation to Mohawk College Media Studies Department of $1,500. for development of the videos and use of equipment.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

Funds are available in Phase IV of the Downtown Action Plan Account Number CF 5698-428803006.

BACKGROUND:

In co-operation with Mohawk College Media Studies Department and CHCH-TV Channel 11, the City of Hamilton has been holding an Annual Public Service Announcement Competition for the students of the Media Studies Program since 1989. The theme for the Public Service Announcements is to keep Hamilton clean. Previous years winning submissions have been aired free of charge on CHCH-TV Channel 11 on a regular basis. A strong partnership between Hamilton City Council, the Keep Hamilton Clean Committee, the Mohawk College Media Studies Department and CHCH-TV Channel 11 has proven to be extremely successful in providing the public with this message.

City Council at its meeting held 1995 January 25 approved the 7th Annual Public Service Announcement Competition in the amount of $3000. Subsequently scripts and videos were prepared by Mohawk College Media Broadcasting students which were reviewed by Public Works Staff and the Keep Hamilton Clean Committee to identify the winning videos as detailed in the above recommendation.

Attn : Mr Don Heintz
Re : Debris CNR right of way.

Sir

I recieved a Fax letter June 22 from Mr D. Lobo Commissioner of public works and traffic in Hamilton about some dumping that had taken place at Gage Ave on the CNR properties.

I felt the need to respond to to this letter as I believe that there some misunderstandings present about the effectiveness of the Railways garbage control program.

I deal with several Municipalities across the region which have the same litter problems as Hamilton and I can assure your group that CN Rail has been very proactive in environmental and debris cleanups across the region. In this area CN has spent more than 60,000 dollars in the last 12 months to remove several large areas of illegally dumped material (tires, shopping carts, newspaerboxes, bicycles, asphalt, shingles, paintcans, concrete, plaster, major appliances, furniture , etc etc) .
The most disturbing fact was that after we had cleaned up several areas of the right of way, we had to start again cleaning areas that had been done only weeks before. I feel this is a sign of a much larger problem that we as commumity minded citizens both Corporate and Municipal should handle together.
I discussed with Mr Lobo the possibility of the Keep Hamilton Clean Committee soliciting property owners bordering Railway lands to report illegal dumping to Local or CN police. A licence number is often all that is needed to lay charges and thus deter this practice. CN has posted a 1-800 number at ALL protected rail crossings for reporting any type of emergency or tresspass or dumping.

Mr Lobo's letter has asked that our lands be cleaned up and maintained free and clear of litter and debris. I agree and I believe that this can be done with the community assisting us to stop those who wish to use the railway as a garbage dump.

He had also asked that the Railway review our litter and garbage control program. Our debris control sweep usually commences in Sept Oct when vegetation starts to wither , thus exposing hiddin piles of garbage and debris that would not be visible in the summer months. I feel that in this manner we will be able to completely clean an area before moving on to the next community.

The debris at Gage has been noted and will be removed as soon as we have equipment available. I am looking forward to any assistance that you can give our Police in itentifying illegal dumpers. This will go a long way to increase the effectivness of our litter control programs will have and reduce the public complaints as well..

Sincerely

J.H.Mitrovic

SUBJECT: **Keep Hamilton Clean Committee**
Towercrest Drive - Both Sides
of Upper Wellington Street

DATE: 1995 June 27

In your letter of June 12, 1995 you indicate that the Keep Hamilton Clean Committee determined City Property at Towercrest Drive on both sides of Upper Wellington is the Number "one" worst litter spot in the City of Hamilton.

On the attached plan we have indicated 4 properties that border Towercrest Drive. Our information on these properties is as follows:

1. This parcel of developed land presently has 65 dwelling units under the control of The Municipal Non-Profit (Hamilton) Housing Corporation headed by Mark Mascarenhas, General Manager, being part of the Building Department. If this area needs cleaning we suggest that you contact him.

2. This parcel of vacant land is owned by the Sons of Italy (Hamilton) Housing Corporation. Any clean up of this property should be brought to their attention. If they fail to clean up, then the Building Department should be instructed by you to clean up the site under the clean yard by-law and the cost added to the taxes of the owner.

3. This parcel of developed land is also owned by the Sons of Italy (Hamilton) Housing Corporation and has 83 dwelling units on it. If this area needs cleaning then the owners should be notified. Again, if they fail to clean up then the same procedure should be initiated as item 2 with the Building Department.

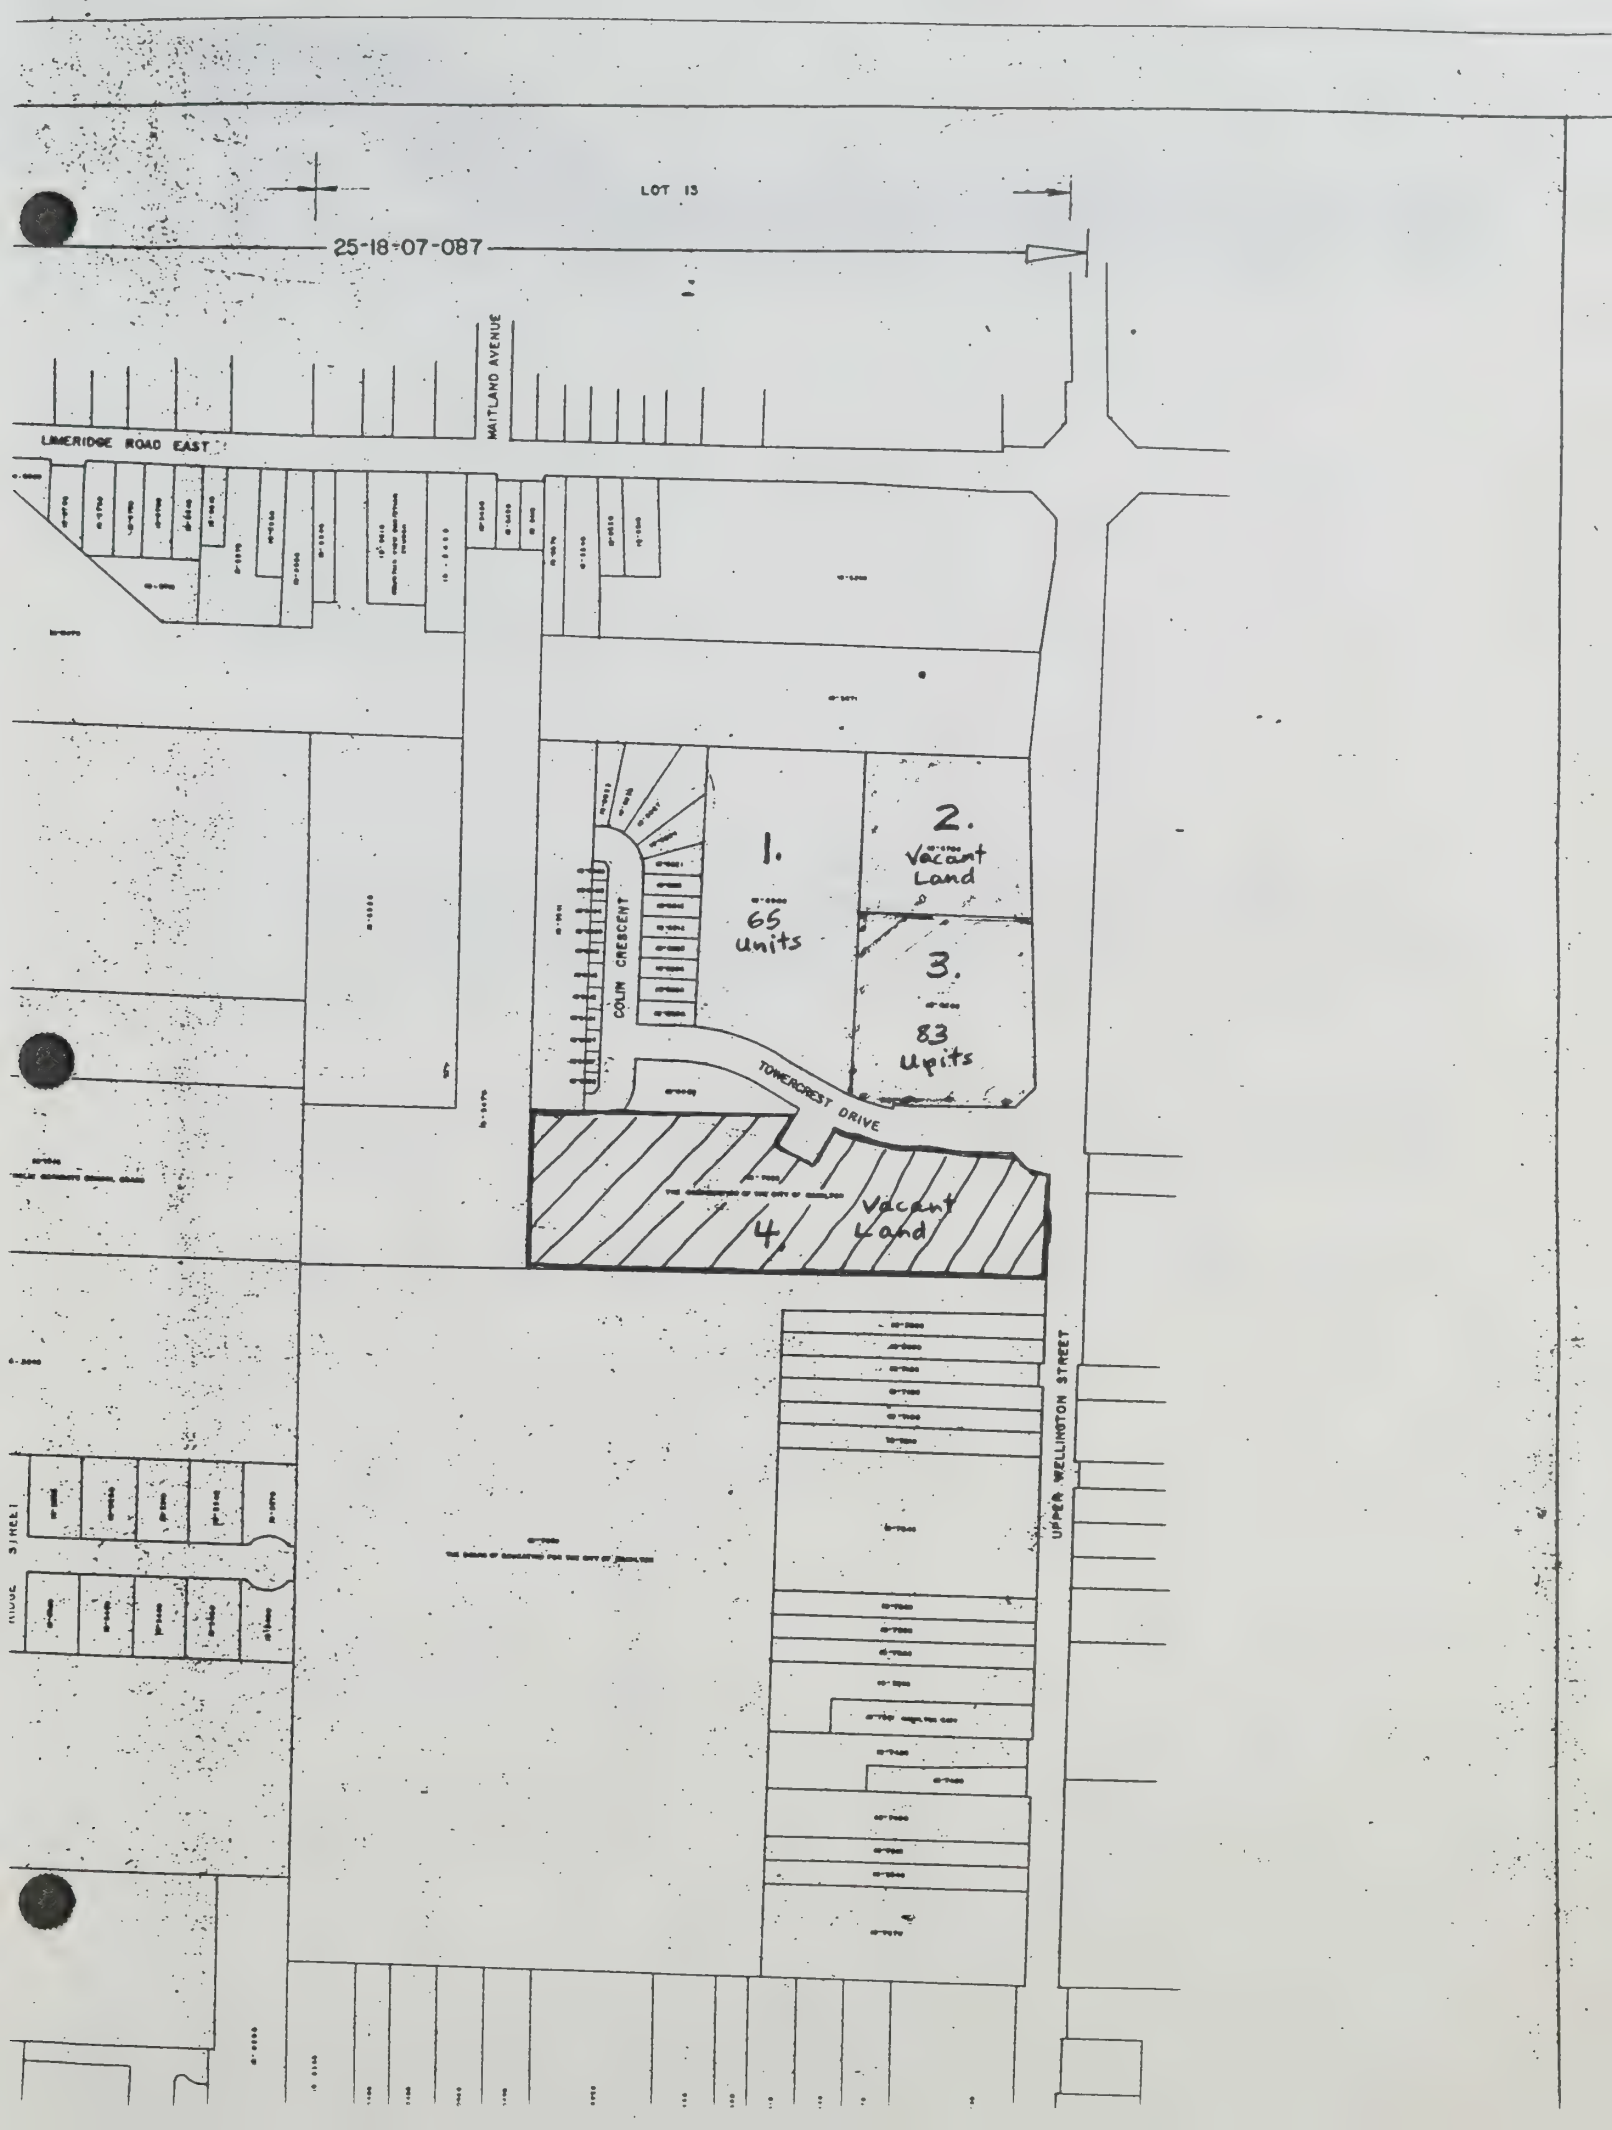

.../2

4. This vacant parcel of land is owned by the city of Hamilton and if recollection serves me right this area was formerly a City dump and as such falls under your jurisdiction. Therefore, we feel it should be your department that arranges for clean up of this site with your crews.

It there are any questions with regards to our assessment of the properties, owners etc. please contact Mr. D. Consoli of our department at ext. 2738.

Dear Sir:

On 1995 June 2, the **Keep Hamilton Clean Committee** conducted a Hot Spots Litter Tour. As a result of the Committee's findings, your property was assessed as one of the worst litter spots that was brought to our attention. In an effort to keep Hamilton as one of the cleanest cities in North America, we would request that you review your litter and garbage control program.

The property on Upper James St. beside the Mountain Arena (on Hester Street), which our records indicate is owned by you, was determined to be the number **5** worst litter spot in the City of Hamilton.

We are requesting that you arrange to have the property cleaned up and maintained free and clear of litter and debris.

A reply to this correspondence is requested.

Your co-operation in this regard is very much appreciated.

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1995 June 07 and these minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

a) Earthsong Festival - Princess Point

Ron Volterman examined the clean-up activities after the Earthsong Festival at Princess Point and It's Your Festival at Gage Park.

He reported that the Gage Park clean-up was adequate. There was litter left at Princess Point after his visits on July 04 and 06. This problem was brought to Don Heintz' attention.

3. INTRODUCTION OF COMMITTEE MEMBERS

The citizen appointee selection took place during the summer recess. The interviewing panel consisted of Ron Volterman, Jim Auty, and Don Heintz. Ron Volterman welcomed new members, Fred Loft, Mark Whittle, Rick Butson, and Frank Noto-Campanella. All Committee members introduced themselves.

Michael Cuberovic made a request to have his business telephone number deleted from the Committee's address list.

4. BUSINESS ARISING FROM THE MINUTES

a) Public Service Announcements

The Committee was in receipt of information from D. Lobo regarding the 1995 Public Service Announcement.

5. HOT SPOTS TOUR

a) Fax from CN

The Committee was in receipt of a letter from CN Rail. This letter was in response to the CNR property on Gage St. N. being listed as the fourth worst location on the Litter Hot Spots Tour. Ron Volterman mentioned that this is the first year CN has responded to the Committee's concerns.

Fred Loft asked whether if it is possible for the City of Hamilton to fine CN for not cleaning up their property. Don Heintz was not sure if this is possible since CN falls under federal jurisdictions. Don Heintz agreed to look into this matter.

b) Memo from Real Estate Division - Property Department

The Committee was in receipt of correspondence from the Property Department. The Committee sent a letter to the Property Department informing them that the property adjacent to Towercrest Drive was listed as the worst location on the Litter Hot Spots Tour.

c) Hot Spots Tour Letters

The Committee sent letters to the property owners of all sites listed on the Litter Hot Spots Tour. Ron Volterman recently visited the locations on the tour and

reported the following:

Sites 2, 6, 7, 9 were cleaned up
Sites 1, 3, 5, 8, 10 had not been cleaned
Site 4 had not been visited

Mark Whittle informed the Committee that he knows the owner of the Esso Station and will ask him to clean up his property.

6. PITCH-IN WEEK

a) Letters to the School Boards

Letters were sent to the Hamilton Board of Education and the Hamilton Wentworth Roman Catholic School Board thanking them for their assistance with Pitch-In Week.

b) PITCH-IN Certificate for the Committee

The Committee was in receipt of a certificate from Pitch-In Canada acknowledging the Committee's involvement with Pitch-In Week. These certificates were also sent to schools that participated in Pitch-In Week. Lori Nethercut asked if the lugger bin donors were given certificates. Don Heintz informed the Committee that Pitch-In Canada had a shortage of certificates. Once new ones arrive, Don will send them out to those involved with Pitch-In Week.

7. CORRESPONDENCE RECEIVED

The Committee was in receipt of a thank you card and several photographs from Peter Oddi's family. Peter Oddi was one of two students who won the Pitch-In Week Poster contest.

8. OTHER BUSINESS

Michael Cuberovic presented some information he received concerning the International Coastal Clean-Up campaign. This clean-up project is sponsored by Pitch-In Canada. The International Coastal Clean-Up is a global campaign encouraging people to remove debris along shorelines.

In 1994, approximately 200,000 volunteers from 60 countries including Canada participated in this event. This year's coastal clean-up is scheduled for 1995 September 16 and 17.

Michael Cuberovic made a recommendation that the Keep Hamilton Clean Committee be the central committee responsible for organizing and co-ordinating a one or two day coastal clean-up along Hamilton's shoreline each year. Several members were uncertain whether the Committee has enough financial resources and time to dedicate to this event. Others mentioned that a large segment of Hamilton's shoreline is already looked after by other environmental groups, i.e. Cootes Paradise is often cleaned by the Friends of Cootes Paradise.

Lori Nethercut suggested that a letter be sent to these organizations thanking them for their efforts and asking them how the K.H.C.C could be of assistance to them. Candice Ramirez thought that the Committee could make a special request to citizens to clean up Hamilton's beaches during Pitch-In Week. Michael Cuberovic agreed to research this issue further for the next meeting.

Evelyn Principato informed the Committee that due to space limitations, the Spectator will only publish the Spotless tips and not the Spotless Spot or the winners' names.

Evelyn has made a request to include the names of the winners along with the Spotless tips. Members discussed the possibility of running a similar contest in the Brabant Newspapers or televising the Spotless Spot and winners' names on CHCH-TV or Cable-14. It was agreed that additional investigation should be made into this matter. The Committee approved of sending a letter to the Spectator thanking B. Weberman for her efforts with co-ordinating the Spotless Spot.

Jennifer Dent has sent letters to the high schools asking for names of students who are interested in becoming part of the K.H.C.C. Youth Affiliate.

Michael Cuberovic had a concern regarding the amendments made to the minutes. Don Heintz advised the Committee that all errors or omissions are corrected on the minutes master copy.

Evelyn Principato reported that she has received a number of responses to the request for volunteers for the puppet show. She will try to have a new co-ordinator for the puppet show by the next meeting.

Raffaella Brugnano had contacted the co-ordinators of the Vision 2020 Sustainable Community Day. This year's events are scheduled for 1995 November 2-4, with most of the activities being geared towards children. The organizers asked if Spotless could be in attendance on November 03 and whether the Committee could present the puppet show on November 04. Mark Whittle may play the role of Spotless on November 03 if Raffaella cannot attend the event. Raffaella agreed to see if the Committee can set up a table to allow children to draw pictures for that week's Spotless Spot.

A request was made to have a television and a video-cassette recorder for the next scheduled meeting to allow for the viewing of the 1995 P.S.A. and the videotape of the puppet show.

9. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved,

Dear Bobbie:

Re: The Keep Hamilton Clean Committee and the "Spotless" Contest

This letter is being written as a thank you.

The Keep Hamilton Clean Committee recognizes the personal interest that you took in dealing with the Spotless Spot as well as all your efforts over the past number of years in the preparation and presentation of this feature that appears in the Comics Section of the weekend Spectator.

The energies that are required in putting together and maintaining this column with consistency should not go unnoticed. Therefore, the Keep Hamilton Clean Committee wish to extend to you their thanks for a job well done!

Dear Mr. Austin:

Re: SPOTLESS SPOT

The Keep Hamilton Clean Committee works very hard to promote the idea of a clean community. Part of our program is educating school children on the values of a clean environment. We have had the pleasure of working with The Spectator and its staff for several years in a colouring contest that promotes these ideas.

Hamilton and area children are encouraged to enter this contest through the Spotless Spot in the coloured comics section. Among other things, they have the opportunity to win a T-Shirt, Pin, Certificate and an invitation to appear in the Hamilton Santa Claus Parade. However, the biggest prize for the children winning this colouring contest was seeing their picture appear in the paper.

We understand that the winning picture can no longer appear in the colour pages but would like you to consider the possibility of this feature being relocated to the regular black and white portion of the paper. A black and white copy of the picture appearing in the newspaper would still be a big prize for most children.

I would appreciate your giving consideration to this request and responding as soon as possible.

Yours truly,

Ron Volterman, Chair
The Keep Hamilton Clean Committee

RED HILL VALLEY

TIME FOR ACTION

6

On June 20, the Region of Hamilton-Wentworth council adopted a resolution to revive its expressway plans for the Red Hill Valley. Specifically, the council endorsed a four-lane expressway through the length of the valley with a fifth climbing lane where the road crosses the Niagara Escarpment. Section (a) of the council resolution sets out a series of requests to the province. Subsections (iv) and (v) are of particular significance. They ask the provincial government to:

> "iv) promptly instruct the Ministry of Environment and Energy (MOEE) to set out requirements for compliance by the Region to the Environmental Assessment Act through the preparation of exemption orders (amendment) to the original EA, for the section from Mud Street to Brampton Street;
>
> "v) promptly instruct the MOEE to set out requirements for compliance by the Region to the Environmental Assessment Act through the preparation of a Class Environmental Assessment for the section from Brampton Street northerly, including the Q.E.W. interchange, under the following conditions:
>
> > "aa) scoping of the project be limited to alternative locations and design for the Q.E.W. interchange;
> >
> > "bb) rigorous file management."

In lay language, this is a request to exempt, to the greatest extent possible, the expressway proposal from an Environmental Assessment. Because the section north of Brampton Street has never been subject to any assessment, the Region has separated this from the rest of the roadway and asked for the minimum allowable assessment process. Note that this apparently would not include environmental issues arising from one or more of the three landfill sites located in this area, the Class One wetland complex, or any implications the project may have for the health of Hamilton Harbour. (P.S. "rigorous file management" means "do it as fast as humanly possible".) An exemption for the remaining roadway (from Mud Street to Brampton Street) would eliminate any possibility of further review of the project's environmental impacts on the community, the valley, the creek or the harbour.

WHAT SHOULD YOU DO?

If your organization is to have any impact on the decision of the MOEE on the region's request, it should **immediately write to the Region of Hamilton-Wentworth and the Ontario Ministry of Environment and Energy**. You should formally state your general concerns with the project (both parts) and ask that it be subject to an assessment process which allows for full public examination and input. At this point in time, you can only state general concerns with the implications of the project, because the Region has not provided specific details of their proposed expressway (at least part of which has apparently not yet been designed, including the QEW interchange). **Your letters should be sent by September 15, 1995.** Please provide a copy to Friends of Red Hill Valley (68 - 151 Gateshead Crescent, Stoney Creek, Ontario L8G 3W1).

Some aspects which should be included in your letter:

- that the section through the valley and the interchange are logically one project and should not be separated into two separate processes, and that the entire project should be subject to a full environmental assessment process;
- that your organization specifically wants to have the opportunity to examine and comment on the detailed proposal and its implications for the social and natural environment and economy of Hamilton-Wentworth;
- that your organization is concerned about the lost opportunities resulting from the commitment of large sums of provincial and regional dollars to this project, and the impact of such commitments on the financing of other critical government-financed programmes;
- that your organization is concerned that the assessment process for the previously proposed six-lane expressway in the valley was seriously flawed, and in particular did not take adequate account of the fact that all the agencies charged with protecting the environment opposed the project (the agencies were the Niagara Escarpment Commission, the Hamilton Region Conservation Authority, and the Environmental Assessment Board);
- that your organization believes that the ten years that have elapsed since the 1985 Consolidated Board decision and the events of that period, make it crucial that the project be fully re-examined (some of the events include: the launching of the Hamilton Harbour Remedial Action Plan in 1986; widespread public concern about Global Warming from 1988 onwards; the designation of Red Hill Marsh and Van Wagner's Ponds as a Class One Provincial Wetland in 1988; the designation of the Niagara Escarpment as a World Biosphere Reserve in 1990; the adoption of Vision 2020 in 1993; the adoption of a new regional Official Plan in 1994 including the re-designation of the valley as an Environmentally Sensitive Area; the dramatic changes that have taken place in the last decade in Hamilton's economy, especially the shift in employment away from Bayfront industries, and from industrial to service sectors.)

FOR YOUR INFORMATION

Why there should be a full environmental assessment before any decision to construct a road in the Red Hill Valley

There are three main reasons why a full environmental assessment should be carried out of any proposal to build a road in Red Hill Valley.

Firstly, the environmental effects of such a project were not properly considered in the 1984-85 Consolidated Board hearing process which granted approval for part of the road project.

Secondly, tremendous and highly significant changes have taken place since the Consolidated Board decision which require a re-evaluation of its decision.

Thirdly, no approval currently exists to link a valley road to the QEW. More detail on these three reasons is provided below.

#1. The 1979 decision of the Region of Hamilton-Wentworth to construct an expressway in Red Hill Valley required the approval of four agencies. They were the Hamilton Region Conservation Authority, the Niagara Escarpment Commission, the Environmental Assessment Board, and the Ontario Municipal Board. The first three are concerned with the protection of the natural environment. All three opposed the project!

◆ **The Hamilton Region Conservation Authority** is responsible for flood control and environmental management in the creek valley. It also owns a portion of the creek valley for public recreational use. It very strongly opposed the project at the Consolidated Board hearings and for many years before. It also appealed the decision to approve the expressway.

◆ **The Niagara Escarpment Commission** is responsible for the protection of the Niagara Escarpment which any road in Red Hill Valley must cross. It also participated in the Consolidated Board Hearings and very strongly opposed the road project which would require a new cut in the escarpment face, and would travel through more than four kilometres of lands protected by the Niagara Escarpment Plan.

◆ **The Environmental Assessment Board** is responsible for the protection of the environment in Ontario through the implementation of the Ontario Environmental Assessment Act. It was represented on the Consolidated Board by its vice-chairman, Mr. Michael Jeffrey. Mr. Jeffrey cast the dissenting vote in the 2-1 Consolidated Board decision to approve the road project. He wrote a 117-page dissenting opinion on the decision in which he strongly argued that (1) the proponent had failed to prove a need for the road, and that (2) irrespective of whether such a need existed the road should not be built in Red Hill Valley because of the damage it will inflict on the environment.

◆ Two members of the Ontario Municipal Board also sat on the Consolidated Board. It was their two votes which provided the approval of the road project.

While the Consolidated Board Hearings formally gave approval for construction of part of the roadway in Red Hill Valley, it is abundantly clear that every agency responsible for environmental protection was opposed to such an approval. Unfortunately, their combined voices were outweighed by the peculiar composition of the Hearings Board.

#2. The Consolidated Board conducted its hearings for 99 days beginning in September of 1984. It rendered its decision in October 1985. Since that time, dramatic changes have taken place which require a complete re-examination of that decision. Some of these changes are listed below.

◆ Beginning in 1986, **the Hamilton Harbour Remedial Action Plan** was developed and is now being implemented. Red Hill Creek is the second largest stream flowing into Hamilton Harbour. The Consolidated Board hearings did not examine the impact of the road project on the harbour or its watershed. Indeed, Hamilton Harbour was not included within the boundaries of the Environmental Assessment Submission document presented to the Hearings by the road proponent, the Region of Hamilton-Wentworth! It is clear that road construction in Red Hill Valley will very negatively impact on the harbour as well as its watershed. In October of last year, the Bay Area Restoration Council declared that the approved expressway project will harm the Remedial Action Plan and its objectives.

◆ After the Consolidated Board decision, the Ministry of Natural Resources of the Province of Ontario evaluated the Red Hill Marsh / Van Wagner's Ponds wetland and classified it as Provincially Significant. During the Consolidated Board Hearings, this wetland was described as only of possible local significance. The MNR has now identified it as a **Provincial Class One Wetland**, the highest category assigned to wetlands. In May of 1992 the provincial government issued a Wetlands Policy Statement to ensure adequate protection of Ontario wetlands and specifically "to achieve no loss of Provincially Significant Wetlands". This policy statement is enforced under section 3 of the Planning Act. The expressway approved by the Consolidated Board in 1985 anticipated that an interchange would be constructed on top of this wetland to link the road project with the QEW. The proponent admitted that 85% of Red Hill Marsh would be destroyed in this process.

◆ In 1990, the United Nations Educational and Scientific Organization (UNESCO) designated the Niagara Escarpment as a **World Biosphere Reserve**, placing it in the same category as the Galapagos Islands and the Everglades. This international recognition places additional responsibilities on local, provincial and national governments to protect this irreplaceable natural landform. The road approved by the 1985 Consolidated Board decision would substantially deface and degrade the escarpment and its associated natural areas.

◆ In 1988, the great majority of the people of Canada and many other parts of the world became acutely aware of the threat posed to our planet by **"global warming"**. There is now overwhelming scientific evidence of the seriousness of this threat and governments in all parts of the globe, including the Government of Canada, have endorsed measures to combat it. The two most prominent conclusions

reached by scientific and governmental authorities regarding global warming are the necessity of reducing greenhouse gas emissions and the importance of preserving and expanding global vegetation, especially trees. The Red Hill expressway project runs exactly counter to both these conclusions. It will result in the removal of thousands of mature trees and the permanent paving over of many acres of land which will never again support trees. It will also encourage and promote the use of motor vehicles which have been identified as a major contributor to greenhouse gas emissions. The Consolidated Board did not take account of the threat posed by global warming.

◆ Very substantial changes have taken place in the practice of land use planning since 1985. Major initiatives have been launched in watershed and subwatershed planning, and in the establishment of best management practices for the treatment of stormwater runoff. The threats posed to the ecological health of watershed by impervious surfaces have been widely recognized, and the provincial government has recently passed new planning legislation which accords greatly increased protection to ravines, creek valleys, wildlife habitat, wetlands and significant natural areas. It is inconceivable that the expressway endorsed by the Consolidated Board in 1985 would even be proposed by today's planners. Even if we didn't know it was a stupid idea ten years ago, we certainly know it is now!

◆ In 1991 an inventory of natural areas of Hamilton-Wentworth was carried out by professional biologists supported by all three levels of government and all four local conservation authorities. This first ever field study inventory of the flora and fauna inhabiting the region's natural areas also examined the Red Hill Valley. It found a wealth of biodiversity there including 36 species of butterflies, 40 species of breeding birds and 340 plant taxa. This study helped reconfirm the designation in the 1976 Regional Official Plan of the Red Hill Valley and the Red Hill Marsh / Van Wagner's Ponds as Environmentally Significant Areas. Consequently, the new Regional Official Plan, adopted in 1994, identifies these areas as Environmental Significant Areas. Section 1 of the Land Use Strategy adopted in the new Official Plan states that the Region "is committed to the long term protection of the natural environment". Section 1.1 promises that Environmentally Significant Areas "will be protected from development" and that land use changes "will not adversely affect, degrade or destroy any of the qualities which served as the basis for the area's designation". Within the Resource Protection section we also find the following statement: "Opportunities to experience nature should not be taken away from future generations either through our decisions/actions or by neglecting our responsibilities for protecting, preserving and enhancing the natural features that exist in this Region." These and other Official Plan commitments to environmental protection are so strong that regional officials felt it necessary to state that they don't apply to their expressway plans. Thus section 4.3.1.17 declares that "Nothing in this Plan shall preclude the construction of this roadway through the Red Hill Creek Valley." The statement is a shameless admission that the expressway plans are in gross contradiction to other Official Plan policies which have been adopted since the Consolidated Board decision in 1985.

◆ In 1993, large numbers of migrating salmon appeared in Red Hill Creek. This was the first recorded appearance of salmon in this creek in over one hundred years (since the extinction of the Atlantic Salmon). The controversy surrounding the salmon brought to light that no assessment of the Red Hill Creek fishery had been undertaken prior to the Consolidated Board hearings. Indeed, it was not undertaken until after construction of the valley expressway had begun in 1990. The controversy made clear that the expressway construction is a clear violation of the federal Fisheries Act.

◆ The transportation predictions on which the expressway proposal was based have failed to materialize. At the Consolidated Board hearings, the proponent predicted huge increases in traffic on the east screenline. However, the peak one-way one-hour flow on this screenline in 1991 was virtually identical to 1981 according to the regional government's own figures. Even though the population predictions presented by the region to the Consolidated Board have been realized (perhaps the first time local population predictions have ever been reached!), the predicted traffic congestion has not appeared. The main reason for this is the huge employment reductions that have taken place in the bayfront industrial area in the past decade. These changes, which have been justly called the de-industrialization of Hamilton (and of Canada!), have thrown nearly everyone's 1985 predictions into the dustbin, and are forcing a complete re-evaluation of Hamilton's future economic direction. Building an expressway to get workers to Burlington Street is now a grossly outdated idea. Paving over the last large natural area in the city runs directly counter to the emerging new direction for Hamilton's economy that stresses environmental restoration, environmental protection and tourism.

◆ Building an expressway through the heart of Hamilton was already an outdated concept in 1985. In 1995 it is nothing short of an embarassment. Ten years have passed since the Consolidated Board decision. Simple common sense demands that it be reviewed before further mistakes are made. Indeed, the Environmental Assessment Submission ruled on by the Consolidated Board was dated 1982 and reported on a study primarily conducted in 1978-1979. It is therefore more than 15 years out of date.

#3. The 1985 Consolidated Board decision allows the construction of an expressway through Red Hill Valley as far north as Brampton Street. No approval exists to link this roadway to the QEW. The Director of the Environmental Assessment Board, Mr. Derek Doyle, drew that conclusion last fall after examining the situation, and stated it in a letter to the Deputy Commissioner of the Waterfront Regeneration Trust dated September 8, 1994. It would be irresponsible to allow any construction to take place in the Red Hill Valley on a road whose endpoint is in doubt, and a portion of which has not received environmental approval. This is doubly so because the plans presented by the Region to the Consolidated Board called for their expressway to be linked to the QEW by passing directly through a major closed landfill site of unknown contents. As noted above, this interchange would also largely destroy a Class One Provincial Wetland.

Dear The Principal :

As the co-ordinator for the Youth affiliate group for the KEEP HAMILTON CLEAN COMMITTEE, I hope that you will be able to assist me in finding a representative from your school.

Since there are many "Environmental groups" at the high schools in Hamilton, we would like to have your representatives come to one of our meetings. We meet once a month (the first Wednesday of every month September to June 7:30 - 9:30 p.m. at City Hall). Having one representative per meeting would allow students to see what is happening in our City.

Another possibility would be for all the reps in Hamilton to meet a couple of times per year and discuss what their school is doing. We would also be glad to have the students come along on our annual spring Hot Spots Tour in Hamilton.

Please send me (by phone, mail or fax) the name of your representative and we will let him or her know the details for the next meeting on Wednesday, October 4th at 7:30 p.m.

Best regards,

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1995 September 06 and the following amendments were made:

Item 6(b) - No additional Pitch-In Week Certificates will be distributed this year.

Item 8 - Evelyn Principato would not have a new co-ordinator for the puppet show by the October meeting.

The minutes were adopted as amended.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson, had comments pertaining to items on the agenda.

3. BUSINESS ARISING FROM THE MINUTES

a) Letters to the Spectator (2)

The Committee sent letters to Bobbie Weberman and Rob Austin regarding the Spotless Spot Contest. Several Committee members discussed the possibility of having the Spotless Spot in the TV Facts or the TV Times.
Michael Cuberovic made a suggestion to include the Committee's name with the Spotless Spot.

4. PUPPET SHOW

a) Assignment of Responsibilities

Mark Whittle offered to assist with the puppet show pending his work schedule. Evelyn Principato informed the Committee that she has the name of a citizen volunteers who is willing to help with the puppet show.

5. SANTA CLAUS PARADE

a) Kids, arrangements with organizers, etc.

This year's Santa Claus Parade will be held on 1995 November 18. Letters will be sent to all Spotless Spot winners in 1995 inviting them to participate in the parade. Michael Cuberovic agreed to receive calls from the participant confirming their attendance. All Committee members were asked to attend this event.

6. CORRESPONDENCE RECEIVED

a) Red Hill Valley "Time for Action"

The Committee was in receipt of correspondence concerning the Red Hill Valley "Time For Action" campaign.

7. MALL DISPLAY

Jim Auty informed the Committee that he is arranging new locations for the mall display.

He made a request to the Committee to purchase 'Woodcuts-Our Environment. Vol. 29' Image Club Compact Disc. The disc contains environmental clip-art which can be used as a resource item for the Committee.

8. OTHER BUSINESS

a) Public Service Announcement

Committee members were asked to suggest possible themes for the 1996 Public Service Announcement.

b) Letter to Schools re: Youth Affiliate

Letters were sent to local high schools requesting the names of students who are interested in becoming part of the Youth Affiliate.

Michael Cuberovic spoke to representatives from the Bay Area Restoration Council and the Hamilton Naturalists Club regarding the International Coastal Clean-up. Both groups were interested in the coastal clean-up campaign. Several Committee members thought the Friends of Cootes Paradise and the Beach Preservation Committee need to be contacted as well.

Don Heintz informed the Committee that the City of Hamilton cannot file a lawsuit against CN Rail for failing to keep their property clean. The CNR property on Gage St. N. was listed as the fourth worst location on the 1995 Litter Hot Spots Tour. He said it is possible to register a complaint with the Building Department.

Fred Loft was concerned with the continued use of poster advertisements on utility poles. After considerable discussion, the Committee agreed to review the posters-on-poles by-law at the next meeting.

Mark Whittle reported to the Committee that he contacted the owner of the Esso Station on Upper James St. The owner has cleaned his location; however, he is having difficulties dealing with litter being deposited on his property. The Committee discussed possible ways to rectify this situation.

Fred Loft informed the Committee that alleys between James St. to Wellington St. are now being cleaned twice per week.

The Committee viewed a short videotape of the puppet show as well as a CHCH news report on the 1994 and 1995 Litter Hot Spots tours.

All members were asked to think of possible locations for the December meeting.

9. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved,

The Corporation of the City of Hamilton

BY-LAW NO. 93- *003*

To Amend:

Streets By-law No. 86-77

Respecting

SIGNS

WHEREAS the uncontrolled posting of signs and notices on utility poles on the highway creates a safety hazard for City employees and a potential traffic hazard;

AND WHEREAS the posting of signs and notices creates an aesthetic and visual blight;

AND WHEREAS the City provides kiosks for the public to affix signs in certain parts of the City;

NOW THEREFORE the Council of The Corporation of the City of Hamilton enacts as follows:

1. Section 16a. of By-law 86-77 is repealed and the following is substituted in lieu:

16a. (1) No person shall erect or place or affix a sign or post a notice on property abutting a highway or part of a highway except in accordance with this section.

(2) Any person posting a sign or notice shall follow the directions of the Director of Public Works.

(3) Signs or notices shall be fastened with adhesive tape. No person shall fasten the sign or poster on a utility pole with staples or any metal device.

3(a)

(4) The person posting the sign or notice shall remove the sign or notice and all posted materials five days after the event advertised has occurred.

(5) No sign or notice which exceeds the dimensions of eleven (11) inches wide by seventeen (17) inches long shall be posted.

(6) For the purposes of this by-law, "sign" does not include a sign that is free standing and on its own supports.

PASSED this *12th* day of *January* , A.D. 1993.

City Clerk

Mayor

FROM FRANK WESTAWAY

IF YOU NEED HELP - CALL

This is an extract (Section 16a) taken from City of Hamilton By-law 86-077 (to consolidate Streets By-law 9329) adopted by City Council 1986 February 25.

16a. (1) No person shall erect or place or affix a sign or post a notice on property abutting on a defined highway or part of a highway. By-law No. 83-022, S.1.

(2) Every person who erects, places or affixes a sign or posts a notice contrary to subsection 1 shall upon written or oral notice forthwith pull down or remove the sign or notice. By-law No. 83-022, S.1.

(3) Notwithstanding subsection 1, the City may grant permission to erect, place or affix a sign or post a notice

upon such terms and conditions as the City may require, but nothing in this by-law shall oblige the City to grant such permission. By-law No. 83-022, S.1.

(4) For the purpose of this section,

(a) "building" includes structure;

(b) "defined highway" means a highway listed in City Traffic By-law No. 66-100 and in Regional Municipality of Hamilton-Wentworth By-law No. R 77-78, situate within the City;

(c) "local board" has the same meaning as in The Municipal Affairs Act;

(d) "person" includes the owner of the sign or notice, any individual or organization that has erected or caused to be erected, placed or affixed the sign or that has posted or caused to be posted the sign, or any individual or organization holding themselves out in the content of the sign or notice as sponsoring or responsible for the message therein;

(e) "property" means a building owned or used by the City, or local board, or used by any person on City land;

(f) "sign" does not include,

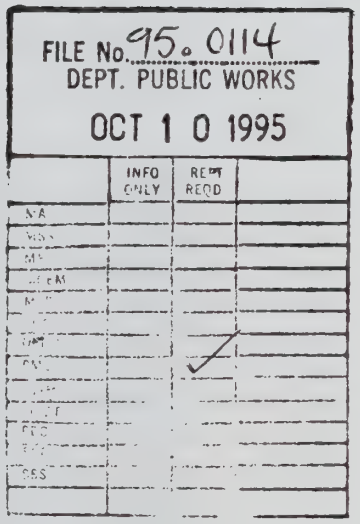

(a) a sign, advertising device or other device or apparatus within the meaning of section 5 of Traffic By-law No. 66-100; or

(b) a sign that is of a temporary nature and is free standing and on its own supports. By-law No. 83-022, S.1.

Dear Mr. Hientz:

RE: LITTER AT BUS STOPS

The Hamilton Street Railway receives a great number of complaints from our customers and the public at large regarding litter at our bus stops. We are doing as much as is feasible to clean up the litter and to provide litter containers, but the complaints continue in spite of our efforts.

Are there ways in which the Keep Hamilton Clean Committee and the HSR can focus ideas and resources to our mutual benefit ? Please contact Myroslahw Lazar 528-4200 extension 412 to discuss the possibilities.

Yours truly,

A. McLaughlin

Don Heintz was in receipt of correspondence from Pitch-In Ontario requesting a donation from the K.H.C.C. for the 1996 Pitch-In Week Campaign.
He stated that this request is made each year and the Pitch-In donation is usually taken out of the Committee's budget at the end of the year.
He was uncertain whether the funds were available in the 1995 budget as a result of the costs incurred for the bus poster campaign.
All members were in favour of contributing a portion of the donation within the 1995 budget limits, and to pay the remaining amount with funds from the 1996 budget.

The Ontario Ministry of the Environment and Energy will maintain financial support for Pitch-In Ontario; however, Burger King has withdrawn its sponsorship.
The Committee was in favour of sending a letter to Pitch-In Ontario suggesting that they seek sponsorship from Tim Hortons, Canada Trust, or Canadian Tire.

4. PUPPET SHOW

a) Volunteer Centre Funding

Evelyn Principato was in receipt of a letter from the Volunteer Centre requesting funds for the K.H.C.C. membership.

b) Volunteers From the Centre

Evelyn Principato was concerned with the reliability of the volunteers referred by the Volunteer Centre.

Several members questioned the value of continuing the Committee's membership with the Volunteer Centre.

The K.H.C.C. receives positive exposure from the Volunteer Centre's awards ceremony aired on Cable 14.
A motion to cancel the Committee's membership with the Volunteer Centre was defeated.

Mark Whittle informed the Committee that his friend A. Newstead is willing to assist with the puppet show.

5. SPOTLESS SPOT

a) Status

The Committee has not received a response to its letter sent to Rob Austin, Editor of the Hamilton Spectator regarding the status of the Spotless Spot.

Evelyn Principato asked Ron Volterman to phone Rob Austin.

Although the size of the Spotless Spot has decreased, Evelyn Principato reported that she is still receiving weekly submissions.

b) New Committee Contact - Name & Address

Mark Whittle agreed to be the Committee's contact for the Spotless Spot.

6. YOUTH AFFILIATE

Candice Ramirez and Krista Blackborow prepared a report outlining a number of projects which can be undertaken by the Keep Hamilton Clean Youth Affiliate. Some of the proposals include the following:

a) Organize a canoe race at Pier 4 Park to promote coastal appreciation.

b) Set up a display at the Earthsong Festival.

c) Hold a Youth Affiliate Clean-Up Hike in Hamilton.

d) Organize a contest to find the most environmentally aware school.

With respect to item (d), several members suggested that the Youth Affiliate could co-ordinate the contest with Pitch-In Week.

7. SANTA CLAUS PARADE

a) Kids, arrangements with organizers, etc.

The Committee has received confirmation from the Santa Claus Parade Organizing Committee that the Keep Hamilton Clean entry has been approved for the 1995 Santa Claus Parade to be held on Saturday, 1995 November 18.

Michael Cuberovic has received a number of responses from the Spotless Spot winners who will be participating in the parade.

8. CORRESPONDENCE RECEIVED

a) Hamilton Street Railway

The Committee was in receipt of a letter dated 1995 October 02 from Andrew McLaughlin, Acting Supervisor, Hamilton Street Railway regarding litter at bus stops.

Several Committee members were uncertain as to the sort of action the H.S.R. is requesting from the Committee in order to deal with this matter.

Al Marshall agreed to contact Andrew McLaughlin and Myroslahw Lazar.

9. MALL DISPLAY

Jim Auty informed the Committee that he received a number of compact discs containing clip art which can be used for the Committee's promotional materials. He asked members to donate photographs or provide captions for the mall display. The mall display will be set up in the Convention Centre for the Vision 2020 Sustainable Community Day, 1995 November 03-04.

10. OTHER BUSINESS

a) Vision 2020

The Vision 2020 Sustainable Community Day activities are scheduled for 1995 November 03-04. The mall display and the puppet show will be on display in the Keep Hamilton Clean Committee booth.
Mark Whittle will wear the Spotless costume on November 03 during the student tours.

b) December Meeting Arrangements

Ron Volterman advised that the December meeting will be held outside of City Hall. After some discussion, the Committee agreed to hold the meeting at The Keg at 6:30 p.m. on 1995 December 06.

Michael Cuberovic suggested the theme "Litter - Out of Sight, Out of Mind" for the 1996 Public Service Announcement.

Michael Cuberovic reported that the Friends of Cootes Paradise and the Hamilton Beach Preservation Committee are both interested in the International Coastal Clean-Up. Several members asked to make arrangements with the Youth Affiliate to plan their canoe race around the date set for the International Coastal Clean-Up.

Don Heintz advised the Committee that the term of office for four members will be expiring in December 1995. Orientation Sessions for citizens interested in applying for membership on various committees will be held in Council Chambers, City Hall on 1995 November 07-09. The following members agreed to represent the Committee at the Orientation Sessions:

Tuesday, November 07 10:00 a.m. - Jim Auty
Wednesday, November 08 7:00 p.m. - Jennifer Dent
Thursday, November 09 7:00 p.m. - Michael Cuberovic

Applicants reapplying for renewal of their present appointment are not required to attend the orientation session but they must complete an application form.

11. ADJOURNMENT

There being no further business, the meeting then adjourned.

Mr. John Laurie
District 5
Department of Public Works & Traffic

Dear John:

The Keep Hamilton Clean Committee wish to thank you for volunteering your time to drive the Garbage Packer in the 1995 Santa Claus Parade.

It is appreciated when individuals give of their own personal time and energy for such a worthwhile cause and to assist our Committee of volunteers.

Your involvement was a vital component of the Keep Hamilton Clean Committee's entry and was appreciated by all Committee Members and children that participated.

Once again, thank you.

Yours truly,

Don

Keep Hamilton Clean Committee,

Thank you so much for the beautiful cookie-gram. Your thoughtfulness was greatly appreciated. All went well at the hospital. We are looking forward to a full nights sleep sometime in 1996.

Thanks again, Lori, David & Riley
